BARTO WOMAN TOUCHES OFF AREA SEARCH

Elderly Mother Wanders Away From Yard Of Home

SHE'S FOUND 4 HOURS LATER WALKING NEARBY

More than 50 friends and relatives joined in a feverish search late yesterday afternoon for an 82-year-old Barto RD 1 woman who had wandered away from her home one mile southeast of Niantic.

Mrs. Vinnetta Bartholomew was found about four hours after she disappeared while walking alone about a half-mile from her home on the Niantic-Green Lane road.

In her hand was a sewing box she had carried throughout her long walk through nearby woods.

"I think she just kept one step ahead of everybody who was looking for her," said her daughter, Mrs. Charles R. Benfield. "There are a lot of woods with very dense underbrush around here and it's very easy not to see someone."

Mr. and Mrs. Benfield, alarmed over the disappearance of Mrs. Bartholomew, had called State police at Jeffersonville substation around 6:30 o'clock. At that time Mrs. Bartholomew had been missing about three and a half hours.

* * *

A FEW MINUTES later, however, the aged woman was found by Mrs. Daniel Rohrbach Jr., a neighbor, walking near Saylor's grocery.

Then Benfields called the police back to tell them that she had been found.

Mrs. Bartholomew, a frail appearing woman, didn't seem to suffer any serious ill effects from her long walk in the intense heat.

A bruise on her forehead, however, indicated that she must have struck her head on a branch in the woods.

* * *

HER MOTHER had never wandered away from home before, Mrs. Benfield said.

"We last saw her in the yard about 3 o'clock with her sewing box in her hand," she said. "We thought she was going to do some sewing as she often does and didn't think anything of it."

Later, when Mrs. Bartholomew could not be found anywhere in the house or yard, the Benfields became worried.

They searched woods and fields

Man Pleads Guilty In Forgery Case, Held for Court

A man who has been charged four times with forgery in Schuylkill county, was held without bail yesterday on charges of forgery and passing worthless checks at a hearing before Justice of the Peace Raymond C. Kelley.

Raymond E. Neidlinger, 37, Royersford RD 1, was arrested at the Food Fair supermarket on Tuesday when he attempted to pass a bad check. At the hearing at 8 a. m. Neidlinger pleaded guilty to the charges and was taken to Montgomery county jail by Detective Lewis M. Borgiet, where he will await the opening of the Montgomery county court in September.

Neidlinger's case will also be referred to the Montgomery county District attorney's office for action on his previous criminal record.

At the time of his arrest on

Here's irrefutable photographic proof that yesterday's heat WAS enough to melt a man! Paul Klug, Boyertown RD 1, appears to be wasting away before your eyes under the gruelling gaze of the sun that sent the temperatures scurrying to a high of 92 downtown. It was the third straight day the mercury had topped the 90 mark. Actually the effect was the result of some clever darkroom work by Mercury Staff Photographer Jack Duckworth. For an explanation of how Jack conjured up this unique mirage turn to the last page.

This Summer's Tops

Oldtimers Admit 'It's a Hot One'

By NORMAN B. REED
(Mercury Staff Writer)

No man living has seen a hotter Summer in Pottstown than the one now ravaging the borough, it seems.

Or if they have, the memory must be too horrible to recall.

None of Pottstown's senior citizens could think of a Summer that put the heat on the town with such daily regularity as at present, and they've seen a lot of Summers.

* * *

"THIS IS the first time I've ever paid much attention to the heat," confided Joseph F. Sobresky, 526 Beech street, "Never minded it before."

Sobresky, who's 70 years old, has been a coremaker at the Stanley G. Flagg company plant since 1901.

"I've never seen the men go home early so often because of the heat," he declared. "We've been quitting work at 1 o'clock in the afternoon on the hottest days. Usually we work till 3:30 p. m."

But Sobresky says he'll stick it out in the core shop for the rest of the season, just like the others.

"Maybe next Summer will be cooler," he added hopefully.

* * *

DR. T. EDMUND WILLS, Wilson and Mt. Vernon streets, said the past month was the hottest July he could remember.

"I don't believe there's been a heat wave here in 50 years as hot or as lengthy as the present one," the doctor commented.

David M. Weand, 330 North York street, is another veteran of the Flagg plant. He's been there since 1903.

"I agree that July was the hottest ever for Pottstown," he commented, "although I've seen hotter spells that didn't last so long."

* * *

JAMES TORRENS, 73-year-old cabinetmaker, of Pottstown Route 18, has a 60-acre farm that he rents to Christopher Hollenbeck.

"I've never seen the corn so dried up as it is this year," Torrens said. "Never heard so many people talking 'bout the heat before either—must be something

'Faculty' for Pottstown

Towns to Get Second Names In Dial System

Pottstown will get a new name for its central telephone office when the dial system is placed in service here in 1957.

"Faculty" is the name that will be established for all Pottstown telephones, Willard L. Kline, local manager for the Bell company, announced yesterday.

"It's one of the names chosen in preparation for the nation-wide dial system that's coming," Kline explained. Distance dialing is likely to come not long after 1957."

All numbers will be changed to five figures when the new central office name goes into use the manager said.

He said that other offices in the Pottstown area will get new names also:

Collegeville will become Huxley, Schwenksville will be Atlas, Linfield will be Hyacinth, Pennsburg will be Orleans, Pughtown will be Homestead, Royersford will be Williams, Haywood will be Belmont, Phoenixville will be Wellington and Norristown will be Broadway.

* * *

KLINE SAID new names were chosen to prevent confusion between town names that sound alike or begin with the same two letters—like Pottstown and Pottsville.

"Under the distance-dialing system," the local manager explained, "the country will be divided into 100 areas, with 300 ex-

Fire Ban Ordered In Pottstown Area

A ban on all fires in the Pottstown area—the result of the parching five-week heat wave—last night was announced by Borough Fire Chief Richard E. Lindauer and Harold J. Rubright Jr., District 7 forest fire warden.

Lindauer and Rubright said the ban would go into effect today and would be rigidly enforced.

The ban includes incinerator and open fire place fires.

They made the ban with prospects that the heat will remain for another several days. Yesterday's high of 92 marked the third straight day the temperature topped 90.

In Pottstown the ban will be enforced by the chief of police.

* * *

THE BAN includes Upper, Lower and West Pottsgrove and extends as far as Gilbertsville.

Rubright and Lindauer decided on the ban late last night when they received a report from Paul Felton, Audubon, district State forester, on the serious condition of the fields and woodland.

Felton, who has spent the past two days fighting a woodland fire in the King of Prussia area, said the Summer drouth which began late in June has produced the driest woodlands and fields in the past 17 years.

Both Rubright and Lindauer cautioned motorists against hurling burning cigarets from their

Farmers Ponder Irrigation to Beat the Drouth

Desperate Pottstown area farmers are investigating the possibilities of irrigation in their efforts to beat the severe drouth.

"We've had several inquiries about it," H. T. Buckwalter, Route 100 farm equipment dealer, commented. "Farmers are considering above-ground sprinkler systems to save their pastures."

He said light movable systems have been developed to irrigate pastures, orchards, gardens and field crops.

"A good water supply is needed, though," he explained. "It could be a stream, a pond or a deep well."

Firestone to Use Community Slogan

Firestone Tire and Rubber company is going to advertise Pottstown as the community of opportunity!

On every envelope mailed out of the local plant will be imprinted the slogan of the industrial expansion committee: "Pottstown—Community of Opportunity."

E. T. Handley, general manager of the Pottstown plant, yesterday announced Firestone would help Pottstown's advertising campaign this way.

He thus insured wide dissemination of the slogan.

For Firestone probably has more daily correspondence than any firm in the East because of its far-flung indus-

Tripled Labor Force Possible Under Plans To Expand Production

There's big news on the Pottstown industrial expansion front today.

Combustion Engineering, incorporated, New York City, one of the largest manufacturers of steam superheaters and power plant equipment in the world, yesterday announced the purchase of the Sepco corporation of Pottstown.

The Sepco (contraction of Steam Electric Products company) plant is at 860 Cross street. It employs 60 persons. Manufactured there are automatic electric water heaters and ultra-violet water sterilizers.

It will continue to operate as a separate organization under its own name, and will be managed locally by Charles A. Bemis, vice president and treasurer, who became associated with Sepco in 1947.

But Combustion Engineering has huge expansion plans for the local plant. Because the parent firm is likely to concentrate manufacture of domestic water heaters here instead of producing them in other cities, Combustion plans to build a new plant which will employ between 150 and 200 workers.

Large storage facilities will be included in the new plant.

Sepco also will enter the field of gas-fired water heater manufacture to expand its business into nearby states.

The Pottstown plant will continue to manufacture its own types of electric water heaters sold under he brand names of "Sepco" and "Hydrohot."

* * *

IT WILL also become the Eastern assembly plant for certain types of Combustion Engineering water heaters. Sepco now also is turning out some water heaters for Westinghouse Electric.

Sepco has been engaged in the manufacture of electric water heaters since its formation in 1915

Charles A. Bemis, vice president and treasurer of Sepco corporation of Pottstown, will continue to direct operations here, it was announced yesterday by Combustion Engineering, incorporated, the New York city firm which purchased Sepco. Sepco will continue to operate as a seperate organization under its own name, but will figure prominently in Combustion Engineering's big expansion plans. Bemis has been with Sepco since 1947. Lucky Bucks List Is Out Tomorrow!

The big day is tomorrow!

Then The Mercury will publish a list of 223 Lucky Bucks. These will provide their finders with a windfall of $1200.

The Lucky Bucks will be given to shoppers in Pottstown's modern, complete stores tomorrow and Saturday during two days of "Sales Days." Each Lucky Buck will have a cash trade-in value of $2 to $100.

There'll be two $50 bucks. There'll be ten $25 winners. There'll be thirty $10s and another thirty $5s. And there'll be a huge flock of $2s. One hundred fifty of them!

* * *

SO POTTSTOWN shoppers have the most chances for the largest jackpot ever offered in a Lucky Buck sale.

The Lucky Buck list will include the numbers of all those $1 bills that may be converted into huge sums at The Mercury office. Finders may call there all day Friday and all day Saturday to claim their cash awards.

Eighty-four stores will hand out these Lucky Bucks. The list of stores was swelled to that huge number of 84 yesterday when J. Fegely and Son, 34 High street, building supplies and electrical appliances dealers, became the final

Grass Fire Rages For Two Hours

Twenty-five borough firemen fought a grass fire on The Hill school grounds, Jackson and Sheridan streets, for two hours yesterday afternoon.

Fire Chief Richard E. Lindauer thought the fire was started by a spark from a rubbage fire.

He said, "They have been clearing off a lot of the land around there and probably a spark from the work set the dry grass aflame."

Members of the Philadelphia and Empire Hook and Ladder fire companies answered the call. The Good Will ambulance was also present on the scene.

Meteor Showers Will Be Visible

If you happen to be looking into the midnight skies tonight, don't be alarmed by the fiery missiles racing across the northeastern horizon.

They're not invaders from outer space or any earth-encircling satellites launched by the government. This phenomenon is the yearly visit of the Perseid meteors.

This shower of meteors, so named because they are believed to originate in the constellation Perseus, will be visible in the hours after midnight and are best seen without the aid of a telescope.

According to the Jacob Baer's and Sons Agricultural Almanac, the meteor shower is to be most visible on Aug. 10 to Aug. 12, but

Councilmen to Consider Annual Planning Service

A proposed $4000 annual planning service for the borough will be carefully scrutinized tonight by council's planning commission committee, headed by Harold J. Casselberry.

The service, proposed by the institute of local government, University of Pennsylvania, would entail annual surveys which would aid the borough in all phases of future planning.

Casselberry explained, "We will go over the proposal and decide whether we want to recommend the survey to council."

The meeting will convene at 7:30 o'clock in borough hall.

EARL RESIDENTS BLAST OFFICIALS

Charge Supervisors Plan To Ignore School Road

Earl township taxpayers last night charged that their road supervisors are deliberately maneuvering into a financial hole to embarrass the road board which will take office next year.

And they dug up figures to prove their charge.

Furthermore, taxpayers argue that John R. Cleaver, veteran supervisor and scavanger, is illegally representing them because he has moved from the township, and is violating the law by operating township equipment at "much more money" than is paid to operators in seven townships in the vicinity of Earl.

Taxpayers belive that the $3300 designated for construction of a new road to the new elementary school is being used for other projects.

* * *

THEY POINT out that supervisors, in receiving a $5000 loan from the Berks County Trust company, received the loan on the promise that the road would be built this year.

But supervisors have not started construction on the road, which the school board hoped would be completed this Fall.

The $5000 must be paid off and supervisors expect to pay off the loan from 1955 taxes. In addition to road construction, $1700 of the loan, which was negotiated at 1½ percent interest, was used to pay off a 1951 loan to Harvey Minninger.

The township had been paying

Catcher Gets a Mittful

Batter Richard Hurter was caught chest high in the dusty shower.

We join ourselves to no party that does not carry the flag and keep step to the music of the Union.—Rufus Choate.

An Unwarranted Walkout

IT'S about time the United Rubber Workers union at Firestone grew up!

The union's old enough now to show the kind of maturity that would prevent walkouts such as idled the plant for more than a day this week.

Years ago, when the union was young and was feeling its way to a new arrangement and contract with the company, it might have been excused for youthful thinking and childish actions. But it's a big boy now, and it ought to act its age.

This type of cutting up, the kind of irresponsibility that threw out of work some 2400 employes, is as out of date as the goon tactics of early union days.

Unions and management don't have to hit each other over the head any more to come to agreements. They have learned the easier, less painful way is to negotiate calmly across the table, with the name-calling absent, too.

* * *

Unions, too, pride themselves on being democratic. They say the majority always rules.

So when a handful of workers—say some 45 among 2400—decides the fate of the majority, to embarrass their union leaders and management as well, then it's time for the cool heads to step in.

Especially when the excuse for shutting down as huge a plant as Firestone, inconveniencing so many thousands of workers and causing irreparable financial loss to employes and employer, is as flimsy as the "curing room" workers used.

They said it was "too hot" to work. "They" were some 45 workers in the curing department. So they walked out, and that threw out of work 800 other workers on their shift. The other two shifts didn't go to work, either. So 2400 were idled.

* * *

Everybody admits it was hot. The union spokesman said it was "darn hot" in the curing room. Management admitted it was hot.

It also was hot in every other Pottstown industry. Probably a lot hotter in some. It was hot in the hospital operating rooms. It was hot carrying mail. It was hot in the Doehler plant, and the Bethlehem Steel plant.

But no Pottstown nurses walked out of the operating room in the middle of surgery. No mail carrier knocked off for the day and failed to deliver mail. No Doehler or Bethlehem Steel worker caused a plant shutdown.

Certainly it was hot! But there were cooler and saner ways, it seems, to obtain relief rather than to cause undue trouble for so many innocent bystanders.

* * *

Was this walkout an effort to embarrass union leaders? Was it staged in protest about something in which management had no concern? Or was it just too hot?

Whatever the reason, the few workers who caused the shutdown should be warned again that orderly methods are provided for relief. There is no necessity to stage a walkout over something that from the outside world looks like a minor grievance.

It's about time that the union tells its members that they are a salient part in making business a success, that they actually are partners in the conduct of business.

Irresponsibility is a term that unions don't want to be labeled with, that they shouldn't be labeled with. But so long as the United Rubbers Workers, or any other union, allows a handful to make wildcat decisions without the democratic processes, then peace will never reign on the Pottstown industrial front.

It is too bad, when the Spicer, Flagg and Doehler unions go through such peaceful contract negotiations as they just have to remove some of the stigma attached to the Pottstown labor front, that an occurence of the Firestone type again blackens the local scene.

It is time for unions to recognize that the contract is more than a scrap of paper, but that it imposes a responsibility to see that the men fulfil their obligations.

Let the union look into this wildcat walkout and decide on a penalty for those who may have caused it.

Just Like Farmers

A CONGRESSMAN suggests formation of a department of urbiculture" to provide city folks with a Washington voice equal to that which farmers have in the department of agriculture.

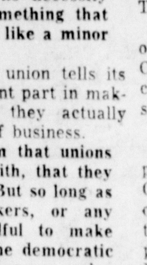

Sounds like a good idea, especially since communities like Pottstown already have a surplus commodity they would like have taken off their hands—all those street-choking automobiles.

Editor, The Mercury,
Dear Sir 'n' Brother:

Wal, I see by the papers where a divorce-seeking husband complained his wife kept a pig in the house. Can't blame him for squealing!

In Cleveland haircuts now cost $1.75. That, as one of Shakespeare's characters once said, is the unkindest cut of all!

And say: A thief broke into a sporting goods store and swiped 2500 golf balls. He must have had a caddy along to carry all that loot!

Hopin' you air the same,

Suggests Tree-Planting Project for Pottstown

Looking to Future Beauty

To the Editor: We have a tree commission in Pottstown, but I haven't heard about any wholesale planting of trees. If you want to cut a tree, you have to get permission.

What is being done to encourage the planting of trees?

We have such beautiful tree-lined streets in the older parts of town. High street, between Rosedale drive and Adams street, is as pretty a main street as you can find in any city or town.

Then, how about a tree project for the North End and newer sections of the East End?

Some civic-minded group could sell the trees at cost as its contribution to the community. It could go out and get orders and, with assurances of a large single order, probably could buy shade trees 12 to 16 feet high at a great reduction in price.

The average home owner, after he gets through making the payment on his mortgage and other necessary expenses that come up on his home and yard from time to time, doesn't have much left over to buy trees. He may be able to afford small shrubbery, but that's all.

At a reduced price, the home owner probably could invest in a few trees.

This should be worthy of some thought if we want to keep Pottstown the beautiful community that it is.

Pottstown
HOME TOWN BOOSTER

All-Night Traffic Noise

To the Editor: We don't have wrecked cars rolling into our yards now, but the situation is almost as bad as when there weren't traffic lights on West High street.

These hot nights, when it is so hard to sleep, cars and trucks roar and groan as they pull away from these traffic lights.

What price safety?

Pottstown
WEST HIGH STREET RESIDENT

Job for the Scientists

To the Editor: Pottstown is reaping the effects of one piece of strategy which wasn't too brilliant—that of installing water meters in homes during one of the worst drouths in years.

The average home owner who gets a meter installed is inclined to go very easy on use of water until he gets accustomed to how much he can water his lawn, flowers, etc. and still stay under the basic rate.

The burned out lawns are the result.

Of course, this saves water, which should make the borough happy. But certainly the water system should be capable of turning out enough water to permit every home to use the basic amount of water and still keep the lawns from burning up entirely.

We brag about the beauty of Pottstown lawns and gardens. Take a look at them now. They're nothing to brag about.

You would think that, in this day and age of high-powered ingenuity, some way could be devised so that Pottstown and every other town that suffers from lack of water could be adequately and plentifully supplied.

Aren't we a little ahead of ourselves when we develop earth-circling satellites and run short on this age-old necessity of life?

Can't our scientists tap some unlimited source of water miles below the earth's surface?

Pottstown BUCK R.

Keep Them Off High Street

To the Editor: If and when more public parking lots are established in the Pottstown shopping district, the approaches certainly should be off High street.

You can see what is happening now when cars try to get into the High street parking lots on busy weekend shopping days. They hold up traffic and some even try to cross over the opposite lane of traffic, increasing the danger of accidents.

This should be considered when finding new parking lots.

WASHINGTON

Ike Speaks Effectively Without Teleprompting

By RAY TUCKER

WASHINGTON, Aug. 4 — President Eisenhower's television report to the nation on Geneva impressed his vast audience as frank, forceful and natural because he discarded the "idiot cards" and other useful but artificial and slightly dishonest devices.

He spoke from notes, and even his hesitations, his parenthical remarks and his asides contributed to his greater effectiveness.

Along with other innovations he has introduced into American politics, Ike may have taught a needed lesson to the new type of radio-television orators. The lesson is that they have reduced this kind of politicking to the ridiculous, and the people are beginning to get wise.

It may be okay for an Arthur Godfrey or Milton Berle to polish their script and commercials through the aid of a television prompter. But the American voters feel that they have a right to ask that their national legislators rise above the standards of entertaining vaudevillians. They should know the answers from study and experience for which they are well paid, not by parroting lines written for them by a press agent.

* * *

CANNED STATESMANSHIP: It is true that radio and television have helped to banish from politics the 19th-century, flowery and breast-beating brand of orator, who ducked a discussion of issues by declaiming his belief in God, the Stars and Stripes, womanhood—and the advantages of being born in a log cabin or sod hut out on the lone prairie.

But it is questionable whether the synthetic statesman of this mechanical age constitutes an improvement on the Robert G. Ingersolls, the William Jennings Bryans, the La Follettes or even Tom-Tom Heflin.

Unfortunately, the public has no way of knowing how so many members of Congress—not all—are giving them canned rather than honest statesmanship and performance.

* * *

LATHAM EXPOSES SECRET: Representative Henderson L. Latham of Georgia, for instance, recently boasted on the floor of an "unusual" incident that happened to him. He thereby exposed a device which many of his colleagues prefer to keep as a professional secret.

Returning to his home town of Rome and climbing into a taxi, he leaned back and listened to a report he was making to his constituents from Washington.

The taxi driver wondered how he could be in two places at once. Latham attributed to his use of the radio the fact that he has not had primary opposition since 1946.

Latham violated the Congressional union's rules by publicizing the fact that Congress appropriates taxpayers' money to maintain what is known as the Joint Senate-House Recording Facility. It has a recording and television studio on Capitol Hill, with elaborate equipment for putting members on the air and screen.

PACKAGE PUBLICITY: Members stage interviews on public questions at this studio with Cabinet members, heads of important agencies and newspaper correspondents. But even these shows are phony in many instances.

The Cabinet members, for example, appear before the film camera, and read from a teleprompter a list of answers prepared for him by his ghost writer. Days or weeks later, the Congressman turns up to ask the questions which the Cabinet member has already answered.

Laboratory technicians arrange the questions and answers into a neat package. The resulting film or roll are then sent to radio and television stations in the member's state or district, where they are shown free as a "great public service."

The Worry Clinic

By DR. GEORGE W. CRANE

LEE H. HILL, aged 50, is a brilliant management expert in New York City.

I first met him at the Allis Chalmers plant in Milwaukee, when he invited me there to address the management personnel of that big organization.

Since then we have maintained a friendship and have exchanged ideas on efficiency engineering and personnel strategy.

Recently he opened my eyes concerning the widespread benefit to an area which even a small industrial plant will offer.

For example, suppose a small factory locates in your town. If it furnishes employment to only 100 workers that isn't the end of its benefits:

Every 100 factory jobs create an additional 74 jobs in other lines of work, such as gas station attendants, sales clerks in the stores, etc.

These figures are drawn from our own U. S. Chamber of Commerce reports over a 10-year study period.

Those 100 new factory jobs also cause 112 more households to be established. They add 296 more people to the town's population; 107 new auto registrations; 70 new telephones; four new retail firms.

And from those 100 factory jobs the retail sales of the area are increased by $360,000 per year.

Personal income rises $590,000, and the bank deposits zoom by $270,000.

* * *

MANY COMMUNITIES need to adopt the "Compliment Club" idea but direct some of their praise to local industries for the boom they have been to the entire community in which they are located.

Not long ago I was invited by the Chamber of Commerce of Moneseen, Pa. to address a large banquet session in that industrial region just south of Pittsburgh.

"We are trying to show our industries that we really appreciate them," the banquet chairman informed me.

And scores of executives of large local plants sat at the long speakers' table and were introduced to the assembled crowd of civic leaders.

ALAS, DURING the past score of years, the general attitude has been to criticize factories and management in general and "pick on" American business, though it has tipped the scales for us in both World Wars.

Actually, nothing is more shortsighted and unfair, for American industry has been the mammoth goose that has laid the golden eggs of prosperity and present our high standard of living.

FOLKS OF FAME — GUESS THE NAME

1. He is listed as an Indo-Chinese political leader, who was born in 1890. He lived in France for some years and was a member of the French Socialist party. He went to Russia in 1924 and took part in the Chinese revolution of 1925-1927. In Siam he was imprisoned for his political activities during 1928-1930. He led the struggle for independence during World War II in Indo-China, was declared president of the Democratic republic of Vietnam in 1945. He is chairman of the Laodong Revolutionary Workers party. Can you tell his name?

2. This young actress hails from Chicago, but her family moved to Los Angeles when she was 16. Soon after she asked Bob Hope for his autograph and was told, "You ought to be giving them, not asking for them." That decided her to study acting, and she was soon put under contract and played her first role in "Golden Girl." More recently she has appeared in "Princess of the Nile" and "Phfft." Who is she?

Pottstown Sketches

ALL AROUND THE TOWN

Move to California . . . No Place Like Home . . .

★ **MORE THAN VACATION**—There's no place like Pottstown! Just ask the **Ray C. Sweetwood** family who live on Logan street, between Master and Mervine streets. They've settled down in their new home there after taking a fling at life in California. The Sweetwood ambitions to see California go back at least a year when Ray, who worked at the Pottstown Firestone plant, planned his 1954 vacation. He thought he'd take it at Christmas time and make it on the West Coast. Then, in October, he was idle when Firestone workers went on strike. That was about the time when a nephew of Sweetwood's wife, **Ann**, was being transferred from his job at the Container Corporation of America plant at Oaks to a company factory at Norwalk, a suburb of Los Angeles. So this looked like an opportune time for Sweetwood to make the break.

* * *

SWEETWOOD'S VACATION in California developed into more than that. He also got a job with Container corporation and wrote his wife and their six children that he wanted them to come out, too. One, RICHARD, was in the service at the time. The others were living at home at 26 Reynolds avenue. They're LINDA, 15; RAYDELL, 12, and RAY, 9, children of Sweetwood by his first marriage; ROBERT, who's employed at Cates & Becker, and BARBARA ANN, a Bell telephone operator, who are children of Mrs. Sweetwood by her first marriage. Her first husband, William Shock, was killed in an auto accident. The move to California was a big decision for so large a family. And for the older ones and Mrs. Sweetwood, it meant giving up jobs here. Mrs. Sweetwood was working at the Lincoln Underwear Mills at South Evans and Water streets.

* * *

★ **BUT THE FAMILY** decided to stick together. Sweetwood returned to Pottstown and sold the family home. Then all headed West and, in Norwalk, bought a home and new furniture. Jobs were plentiful and each working member of the family landed one. All in all, they were happy—except for one thing: They were homesick for Pottstown! All except for Sweetwood. Gradually, the nostalgia grew stronger, particularly for Mrs. Sweetwood. Gradually, the nostalgia decision: Their future happiness was where their hearts were. Sweetwood realized, too, that his family's happiness came first.

* * *

MRS. SWEETWOOD was the first ot leave California. She headed for Pottstown the past Easter Sunday as a trailblazer in re-establishing the family's roots in Pottstown. She got her old job back at the Lincoln mills. Early in July, the others in the family followed. Sweetwood bought a truck to haul their belongings to Pottstown. First off, they set out to look for another home here. Through J. Garrett Prutzman of the Robert R. Leinbach real estate agency in Hanover Heights, they found what they wanted in the Logan street home. Sweetwood got a job as a truck driver. It looks as if the family's back in Pottstown to stay. And no one is happier than Ray's mother, Mrs. John A. Sweetwood, Penn Village. "Oh, it's so good to have them back!" she sighed yesterday.

★ **A NEED IS FILLED**—Thanks to the many persons who offered electric washing machines to the young mother deserted by her husband. An offer from **Mrs. Martin Bachner**, Catfish lane, North Coventry, was accepted, and the washer now is in action! . . . **Robert L. Peiffer**, who has a garden near his apartment at Camp Oakleigh, Coventryville, has green-thumbed a potato that would make a meal for a family of four. It weighs a pound and a half. Anyone can do better? . . . If you're still trying to figure out the punctuation in yesterday's teaser in this column, here it is: That that is is; that that is not is not; is not that it?

YOUR HEALTH

By HERMAN N. BUNDESEN, M.D.

NOCTURNAL leg cramps are a frequent complaint, especially among elderly persons.

They not only interrupt sleep, but persons with this trouble are more apt to develop thrombosis or blood clots.

While there are several drugs to help this situation, an Arkansas physician reports he has had good results with orthoxine hydrochloride. However this drug should always be given under the direction of a physician.

Dr. W. H. Lane, Jr., flatly asserts the drug "completely and dependably prevents the occurrence of nocturnal leg cramps in the elderly patient." He also reports the drug has a low incidence of side reactions.

Writing in a recent issue of the Journal of the American Geriatrics Society, the Dover physician says he has used the drug during the last three years to relieve cramps in 200 patients.

These patients, he says, were between 55 and 87 years old and had tried other treatments, without any benefits. Most of them, he adds, were being treated for congestive heart disease, pellagra, cerebral arteriosclerosis, varicose ulcer, hypertension, coronary thrombosis and and other diseases.

The cramps were relieved completely in 196 of the 200 patients by a dose of 100 mg. of orthoxine given at bedtime. Three patients required another dose of 100 mg., after four to six hours, in order to prevent recurrence of cramps.

One patient became excited and restless following the usual dose of 100 mg., Dr. Lane reports, but responded without undue stimulation when the dose was cut to 50 mg.

During warm weather, he notes, most of his patients did not require the drug. **They resumed treatment promptly, however, when the weather became cool.**

Upper Perkiomen School Playgrounds Stage Special Activities Programs

EAST GREENVILLE — Victor Stahl, Tel. Pennsburg 7264. Lester M. Miller, Del. Tel. Pennsburg 7467.

Special events continued to hold the spotlight at the Upper Perkiomen Joint school districts playground centers last week. Hobby shows were staged at Red Hill, Pennsburg, and Green Lane, while East Greenville featured a hat show.

At East Greenville a record breaking 936 boys and girls turned out during the week to participate in variety of playground and recreational activities.

Winners in the hat show were prettiest hat, Marilyn Minner, Mary Stevens and Susan Folk; most original, George Mack, Tony Roncace and Sandy Beller; smallest hat, Shirley Weber, Bonnie Diehl and Tommy Schantz; funniest hat, Deann Wetzel, Nancy Hinton and Linda Britton.

Largest hat, Deann Wetzel, Jorie Wetzel and Christie Minner; best flower garden, Susan Schantz, Margy Mack and Etta Sue Steinman, best twin hat, Jeris and Janis Trone and the best vegetable hat, Karen Leister.

* * *

INTEREST has been shown in the baton twirling classes conducted by Ellena Steinman, of the playground staff. This week she has been conducting classes at the Pennsburg playcenter daily at 2:30 p. m. and next week she will change to Red Hill playground. Classes will also be held at Green Lane and Chapel before the closing of the playground season.

At Pennsburg, 520 children took advantage of the supervised play activities last week. In a hobby show, the winners were Jeffrey Markley, David Scholl, Bertram Bauer and Brook Groff.

A dress-up contest will be staged Friday at Pennsburg where in addition to these special events, the boys and girls made leather articles, plaster of paris molds and paper mache plaques.

Red Hill also staged a hobby show where the attendance was 308 for last week. Winners in the show were largest collections, William Jabs and Ronnie Kolb, nicest arangement, Barton Rader and Diane Kolb, and the most unusual collection, Gary Kolb and Larry Jabs.

* * *

A DRESS-UP will be held at Red Hill tomorrow at 10 a. m.

Craft work included plaster of paris plaques, basketry and bracelets. Shop work included projects such as pretzel holders, lawn ornaments, stools and pot holders.

At Green Lane, winners in the hobby show were largest hobby, Donald Herrmann and Dennis Hunsberger; smallest, Clarence Freed and Millard Breuinger, and strangest hobby, Clarence Freed and Millard Breuinger. Attendance was reported at 102 for last week.

A vehicle show is on tap tomorrow for the Chapel school playlot where 35 boys and girls showed up last week, a considerable decrease over the previous weeks figure.

* * *

ACTIVITIES IN addition to craft work include basketball, baseball, dodge ball and other games.

Supervised baseball competition also continued for various age groups in charge of Louis Pirnik and Francis Roncace. Pennsburg split a pair of games, defeating Green Lane 8-5 but losing to East Greenville 7-5. The latter team won three straight games winning also over Red Hill by a 10-2 score and walloping Green Lane 14-3, to bring their seasonal record to eight wins in nine games.

Games this week were Pennsburg at East Greenville on Tuesday, Green Lane at East Greenville on Wednesday and East Greenville at Red Hill tomorrow.

TRASH CANS TO BE PLACED IN PENNSBURG

PENNSBURG — Vincent Beard, 544 Main St., Corr. Phone, Pennsburg 8603. Lester Miller, Del., Phone Pennsburg 7467.

Clarence B. Mensch presided at the montly Pennsburg council meeting Tuesday evening at the council chambers of the Civic building.

Routine business was conducted. A building permit was granted to George Endy, Pottstown avenue, for the erection of an apartment over the garage.

New Goshenhoppen Youth fellowship was granted permission to place trash cans at various places in the borough. The fellowship will not only supply the trash cans but will also empty them and keep them clean.

Lieutenant C. Donald Lechner, reported to Ft. Meade on Saturday for a two week refresher course, in the Army Reserves.

A 16 mm sound motion film, "The Master's Face," will be the special feature at the Perkiomen Youth Center, between Green Lane and Sumneytown, on Saturday at 7:45 p.. Special music will be rendered by the young people.

* * *

"THE VOICE of the Hills," radio, television and recording artists, will appear at the Perkiomen Youth Center, on Route 63 between Green Lane and Sumneytown, in a series of meetings beginning on Aug. 8, continuing through Aug. 14. The series of meetings will begin at 7:45 each night.

The group, organized and directed by Evangelist J. Byrl Sessions, consists of Alice Sessions, accordion and piano; Carolyn and Francis Arnold, vocal duet; and Richard Bennington, guitar and solo.

These four musicians and vocalists have appeared on over 100 radio and television stations and their recordings on the "Singspiration" label have been available to the public for over a year.

J. Byrl Sessions, in addition to being an evangelist, is the pastor of Grace Tabernacle in Fairmont, W. Va. His wife has been a concert and recital pianist and toured with Margo Hayes and Serge Brofchky of the Metropolitan Opera Company, and Homer Rodehaver, vocalist and song leader with Billy Sunday.

"The Voice of the Hills" devote their time and talents to the singing of Gospel hymns and religious folk ballads.

Optimist Officer to Speak At Meeting of Local Club

Joseph H. Needleman, Norwood, lieutenant-governor of Optimist clubs, will be the guest speaker at the weekly meeting of the Pottstown club at the home of William Roth, Park court, at 6 o'clock tonight.

Needleman will speak on the district and international achievements of the Optimists.

The meeting will be held on the patio of the Roth home, and steaks will be cooked on a charcoal burner. In the event of rain, the meeting will be held in the recreation room.

RECIPE OF THE WEEK
By Mary Lee Taylor

Top-Stove Ham Scallop

1 Tablespoon butter or margarine
1 Tablespoon brown sugar
1-lb. slice ham, ½ in. thick (ready-to-eat kind)
½ cup water
1 can cream of celery soup
2 Tablespoons finely cut onion
½ teaspoon salt
⅛ teaspoon pepper
3 cups thinly sliced, peeled potatoes
1 cup sliced, raw carrots
½ cup Pet Evaporated Milk

Heat butter and brown sugar in a heavy 10-in. skillet until butter melts. Add ham and brown on both sides. Remove ham from skillet and keep warm. Mix in the same skillet the water, soup, onion, salt and pepper. Add potatoes and carrots. Cover, and cook over low heat, turning now and then until vegetables are tender, or about 25 min. Pour milk over top of vegetables. Cut ham into serving pieces and put on top of vegetables. Cover and heat until steaming hot, about 5 min., but do not boil. Serve hot from the skillet. Makes 4 servings.

Couple Describes Living Conditions Of American Personnel in Germany

MONT CLARE—Mrs. Thomas Carns, Bridge and Grace street, Mont Clare, corr. Phone Phoenixville 2737. C. Douglas Hale, delivery. Phone Pottstown 31-J-2.

Mr. and Mrs. Richard Richter recently returned home from Germany where they had been living for the past year. Richter, who entered the Army in 1953, just after his graduation from Ursinus college was stationed near Mannheim for 18 months.

Mrs. Richter, the former Margot Denithorne, 617 Gay street, Phoenixville, joined him last July, after having served as choral director at Chester Junior High school for one term. Richter, the son of Mr. and Mrs. Manuel D. Richter, Mont Clare, was seperated from the army recently, and this is an account of their life among the German people.

By MARGOT and RICHARD RICHTER

What was it like in Germany? How do the people really live? Did you get along well with them? As an American in the military, you lived pretty well, didn't you?

Since we got back from over a year's stay in Germany recently, these are some of the questions asked us. In an attempt to answer part of them, here is an account of some of our observations and experiences while living and working with the German people.

Our home was in Mannheim. We shared a five room apartment with the landlady, Frau Breitner, and another American couple, Mr. and Mrs. Marilyn Cohn, of Brooklyn. Each couple and Frau Breitner had one room to themselves in which to eat, sleep, entertain and so on.

• • •

OURS WAS the largest and measured 18 by 20 feet. Cramped? Well, maybe, but nevertheless we had 13 or 14 people in that one room last Christmas Eve, and everybody had a fine time—at least that's what they told us.

Besides having the one room to ourselves, we shared a bathroom and a kitchen with others in the apartment. The Cohns, Frau Breitner and ourselves all ate separately, so you can well imagine the traffic jam at five o'clock around the four burner gas stove whose oven didn't work.

To add to the confusion, Frau Breitner had an insatiable curiosity about American cuisine and consequently at many a meal she hovered over Margot's shoulder firing questions as to what was being prepared.

We can still hear her saying in her topsy-turvy English, "Whas make you?"

• • •

GERMANY IN the ten years since the war has worked itself back to a standard of living at least equal to what it was prior to the war. Yet it is still far behind the times by most American standards, as our own living experiences will attest.

For the first month or two, we had no refrigerator whatever, and we resorted to the window sill method. Finally Frau Breitner disappeared one day into the cellar and came up with a dilapidated old wooden ice box that surely saw service in the Kaiser's time.

The ice man began coming every day, and for the rest of our time there, his little cake of ice was the closest we came to being in the age of the deep freezer.

Then too, the way we heated the house in Winter is something few Americans under the age of thirty know anything about. Central heating? No, not quite. Over in a corner of our room there was a little coal stove about four feet high. When it wasn't choking from coal dust or down with arthritis (it was thirty years old), "Bessie," as we affectionately named it, kept us quite cozy through the long German Winter.

THERE WERE two other stoves of this sort in the apartment, one in Frau Breitner's room and one in the Cohn's room. There was no way to heat the kitchen or the bathroom. How did we take a bath in Winter? Well, we'd like to say, but that's one of the deep secrets of German culture that we have solemnly promised not to divulge.

Oh yes, and if you're in the mood to complain about the big wash you had this week, don't. You have a machine to do it for you. In Germany the only washing machines you will see are those in a public "wascherei" around the corner. Most of the German Hausfraus wash everything by hand.

Mont Clare Club Plans Annual Fete

MONT CLARE — Mrs. Thomas Carns, Bridge and Grace street, Mont Clare, corr. Phone Phoenixville 2737. C. Douglas Hale, delivery. Phone Pottstown 31-J-2.

Plans for the anuual 4-H picnic to be held at Montgomery county Park, near Green Lane, were discussed at a recent meeting of the Mont Clare 4-H Club. The session was held at the home of Mrs. Herbert Bailey, Black Rock road, with 10 girls and three leaders present. Carol Grain and Thelma Hallman demonstrated an auto first aid kit.

The next meeting will be held at the home of Mrs. Edward Grain, Mont Clare.

Mrs. Thomas Carns, Mont Clare and Mr. and Mrs. Walter Cressman and children, Bonnie and Jimmy of Trappe, recently attended the garden wedding and reception of Helan Ann Widing of Bala Cynwyd, and Seville S. Funk of Bryn Mawr, which was held at the residence of the bride's uncle and aunt, Mr. and Mrs. Philip O. Widing, Paper Mill road, Huntington Valley.

Mr. and Mrs. David Buckwalter, Mont Clare and Mr. and Mrs. Richard Perosi, Collegeville recently attended a performance of "South Pacific" at the Music circus at Lambertville.

Mr. and Mrs. Paul E. Wilt Jr., of 170 Walnut street, Mont Clare announce the engagement of their daughter, Margaret S. Wilt to Russell R. Sams, son of Mr. and Mrs. Joseph C. Sams, of 321 Griffen street.

Miss Wilt, who was graduated in June from the Phoenixville High school, is employed in the art department of the Dettra Flag company, Oaks. Sams, a 1954 Phoenixville High school graduate is an employe of the Phoenix Iron and Steel company. A Fall wedding is planned.

West Pottsgrove Board Orders Weeds Cut

Seven owners of lots in West Pottsgrove township will receive notices to cut weeds, it was announced yesterday.

The decision to notify the property owners was taken at Tuesday night's monthly meeting of the township board of health.

Health Officer Daniel Wien reported two cases of contagious diseases and two complaints.

The meeting was conducted at the home of Anthony Smith, Old Reading pike, Stowe. President Jacob Romig was in charge.

Omni-Range Unit Site Gets Approval Of CAA Official

Samuel R. Bigony, chief pilot at the Pottstown airport, announced yesterday that the omni-range station site, on the farm of John Fritz, Limerick, has been approved by the Civil Aeronautics Administration.

Bigony said that when in New York on Tuesday, George Blanchard, Chief of the Federal Airways division, region 1, New York, approved the site of the omni-range station.

The station, which will be used to control aircraft in the New York-Pennsylvania-Maryland area, must now receive a priority rating from the CAA in order that a time for stafting construction can be determined, Bigony explained.

Bigony estimates the cost of the station to be between $100,000 and $150,000.

Township Acquires Lots for Building

West Pottsgrove township yesterday acquired two lots covering a total area measuring 154 by 140 feet for the purpose of building a municipal structure of some type.

Mary M., Thomas M., and Dorothy Ruter and G. George Sotter, donated a 77-foot lot along East Vine street. William J. and Russell Maxton donated the other lot, which extends 60 feet from the corner of Quinter street along East Vine street.

The owners in donating the lots emphasized the point that the land must be used for a municipal building.

Township Secretary Russell P. Yost said township commissioners are attempting to acquire another lot now owned by Montgomery county in the same area. When this is acquired they intend to lay the foundation of the new municipal building.

to this claim of a record heat wave."

DR. J. ELMER PORTER, 344 High street, said,

"This is the longest heat spell I can remember. There have been hotter days, but nothing as sustained as this. But I'm a fellow that doesn't mind the heat very much."

• • •

JUSTICE OF THE PEACE Raymond G. Kelley, who came to Pottstown in 1903 as a young man during the administration of Burgess J. Elmer Porter said, "There is no period that I can recall rivals this one for continuous heat.

"Of course we've had two and three day heat spells, but none that hangs around like this. We've had individual days which have been hotter.

"There are a number of fellows in the courthouse (Kelley works there) who've been there for a number of years and they don't remember anything like this."

near their home and called in neighbors and friends to join them.

At one time it was suggested that Boy Scouts from Boyertown be called out to form a posse, but Mrs. Bartholomew was found before arrangements were completed.

"We're certainly relieved," said Mrs. Benfield, looking over at her mother who sat calmly in an outdoor lawn chair. "It was a pretty terrible four hours."

OBITUARIES

WILLIAM J. KIRK, 56, husband of Anne (Kerr) Kirk, of near **SKIPPACK**, died at his home at 3 p. m. yesterday after a long illness.

He was the son of the late Aaron and Stella (Beaver) Kirk. He was born in Horsham township.

He was the son of the late Aaron wright, employed at the Link-Belt company, at Colmar.

Mr. Kirk was a member of Wentz's Reformed church, Worcester.

Besides his wife, Mr. Kirk is survived by a son, William R., 10, at home, and two step-daughters, Dorthea, wife of Charles A. Sines Jr., Hatboro, and Lillian, wife of Charles M. Hamilton, White Sands, N. M. He is also survived by four grandchildren.

She is survived by three nieces and a nephew.

Funeral arrangements, in charge of the Oliver H. Bair funeral home, Philadelphia, were not completed yesterday. Burial will be in Boston.

GEORGE A. CONRAD, 67, of **32 EAST FOURTH STREET**, died at his home last evening. He had been in ill health for the past six years.

Born in Pottstown, he was the son of the late Jeremiah and Emma (Frye) Conrad and the husband of Anna (Wise) Conrad.

Mr. Conrad had formerly operated a fruit and produce business at 314 Johnson street with his brother, John A. Conrad. He had retired in 1949 because of his health.

He was a member of St. Aloysius Catholic church.

Surviving, besides his wife, are one daughter, Frances, wife of Harry Cox, at home; one brother, John A. Conrad, 1002 North Evans street, and four grandchildren.

Services will be held at 9:15 a. m. Monday at the Fleischmann Funeral home, 726 High street, and a solemn requiem high mass will be celebrated at 10 o'clock at St. Aloysius Catholic church. Interment will be in St. Aloysius New cemetery.

Funeral services for **ELIZA J. (SHOMO) BECHTEL**, Charles Johnson home, **ROYERSFORD**, were conducted from the Houck Funeral home, 112 North Washington street, yesterday afternoon.

The Rev. C. William Ebbert, pastor of St. Paul's Reformed church, officiated. Interment was in Edgewood cemetery.

Bearers were Linwood, Bruce, Robert, John and Herbert Bechtel, Norman Seeders Jr. and Edward Seeders.

FORGERY —

(Continued From Page One)

Tuesday Neidlinger was on parole from a forgery sentence. On March 8, Judge Cyrus M. Palmer, Quarter Sessions court of Schuylkill county, sentenced Neidlinger to 16 months for forgery,, but paroled him immediately on the condition that he pay court costs and the amount of the forged check, which was $68.70. Neidlinger met these conditions.

His parole period runs to April 21, 1956.

NEIDLINGER WAS in trouble with the law in Schuylkill county before the charges in March. Three charges of foregry were brought against him on November 2, 1954. He was paroled immediately on condition that he pay costs and the total of the checks, $206.83.

Detectives Thomas A. Lawler and Borgiet warned local food stores and supermarkets of Neidlinger's activities and supplied each store with a description of the man after three local stores reported checks made out by Neidlinger bounced.

When Neidlinger attempted to cash a check in the Food Fair supermarket, on West High street, on Tuesday afternoon, Louis Esack recognized the man from the description and called the manager of the food store, Willard H. Leindecker.

Leindecker called police and Patrolman John G. Paretti came to arrest the man.

At the time of his arrest Neidlinger was unemployed.

Visiting Student Discusses Germany

Heinz Gerhard Pochmann, German student from Cologne now in Pottstown for an eight-week visit discussing living conditions in Germany last night before the Junior Chamber of Commerce.

Pochmann, who is being sponsored by the Jaycees and the International Research fund, also spoke about the German educational system compared to America's and the attitude of German people about Americans.

Since he is studying American business methods while in Pottstown, he also mentioned present conditions in Germany.

Fourteen Jaycees attended the meeting which was the annual membership meeting. Host for the session was William LeVeille, 1052 Feist avenue.

Plans were made for the annual family picnic Aug. 17 at Sunnybrook park.

John Yergey was named chairman of a fund raising committee. One of the events planned by the committee is a variety show.

K of C Officers Plan Annual Picnic Aug. 14

Plans for an annual family picnic were discussed during an officers' meeting of the Knights of Columbus last evening in the K of C hall.

The affair will take place Sunday, Aug. 14, at Palladino's grove.

The officers also discussed the installation of officers, which will take place during the Sept. 19 meeting.

Grand Knight William Regan was in charge of the business session.

New VA and FHA Loan Requirements Expected to Affect Area Slightly

Several Pottstown home builders will be affected by a recent tightening in requirements for Federal Housing administration and Veterans administration home loans, but only to a slight degree.

Both government agencies have increased the size of down payments by two percent and decreased the size of mortgages from 30 years to 25.

However, most of the FHA and VA backed homes in Pottstown are already in the process of being financed or have been previously committed.

Douglas V. O'Dell, of the O'Dell Real Estate agency which handles home loans for Pottstown builder Earl Kerstetter, said the decrease in length of mortgages will be the only thing that will affect Kerstetter's VA development, Lincoln manor, on Ninth and Tenth streets.

• • •

"THE DECREASE in length of mortgages will mean bigger payments," he said. "There are quite a few that might not qualify from an earning standpoint, because the monthly payment can't be more than 20 percent of monthly earnings."

O'Dell, added, however, that he thought most Pottstown veterans would be able to finance the loans anyway.

"Things are fairly prosperous around here now," he said.

The requirement for VA down payments won't affect Kerstetter's homes because he hasn't sold any homes with no down payments or "100 percent mortgages" for the past month and the new ruling doesn't apply to loans already in process.

Another VA and FHA development in Pottstown is in the Maplecrest area on Washington and Mineral streets being built by Pottstown Home Builders incorporated.

• • •

WAYLAND A. Schatz, of the Home Builders, said the corporation has already made contracts with the Federal government for the homes. These were obtained, he said, before buyers were obtained to sign for the houses.

"These commitments are still outstanding under the old rules," he explained.

Other Pottstown builders who use FHA and VA home loan plans are Ernest L. Pickard, who has a current development at Wilson and Washington streets, and Dominic DeAngelo, who is building homes on Spruce street between East and West streets.

Schatz, who handles loans for Pickard, said the builder's homes also have prior government commitments.

VIEW OF THE FUTURE—Motorists will get this view of the Pottstown skyline when the Route 100 bypass is opened. Camera is looking east on West High street from the bridge that will carry the new highway. Surfacing of the new route is progressing on schedule, and the contractor expects to complete the job next month.

DUSTY BYPASS WORKERS ALSO HOPE FOR RAIN

Workers on the new Route 100 bypass are in the clouds these days — clouds of dust.

And they'd be as happy as anyone else to see some clouds in the sky instead.

"It's not very pleasant working in that dust," commented E. J. Breneman, the contractor. "We'd like some rain to settle it."

Work is on schedule, though, in spite of the hot weather.

* * *

"WE MIGHT BE ahead if the weather were normal," said Breneman. "This weather is hard on the men — cuts down their efficiency."

Breneman didn't know if the bypass will be completed by Sept. 1, as planned, but added that he expects to finish "by next month."

The contractor's men are laying the blacktop bituminous surface now near the Schuylkill. Before long they will be surfacing the cement bridge over West High street. The bridge already has a cement undersurface.

Breneman said he didn't know the total number of men now working on the project. Curbing and bridge contractors have men on the job also, he explained.

Firestone's Firemen Hold 3-Shift Clambake

A clambake, in three shifts, was given by the fire department of the Firestone Tire and Rubber company, Pottstown plant, Sunday at Sussel park.

Three hundred persons attended the affair, which started in the early morning and lasted throughout the day.

Passerby Saves Youth From 'Posse' Hanging

POTENZA, Italy, Aug. 3 (AP) — A "posse" Tuesday caught a "dangerous South Italian bandit" and immediately condemned him to death by hanging.

A passerby intervened and cut down the "bandit," who was unconscious and strangling.

The "possemen" said later the hanging was all in fun and that the "bandit" — 8-year-old Luciano Rizzo—was a playmate of theirs.

BOUGHT BY NEW YORK FIRM—Big things are in store for this plant—the Sepco corporation of Pottstown factory at 860 Cross street. It was announced yesterday that Combustion Engineering, incorporated, of New York city, has purchased the factory outright and plans a vast expansion program for the firm which will eventually mean the hiring of 150 to 200 aditional workers. The parent firm is expected to concentrate manufacture of domestic water heaters here and has plans to build a big new plant here. The present facilities will also be expanded to enter the field of manfucturing gas-fired water heaters. The factory at present manufactures automatic electric water heaters and ultra-violet water sterilizers. (Story on Page 1)

Two Boys Injured as Soap Box Racer Upsets Going Down Parkerford Road

Two 12-year-old Pottstown area boys were injured yesterday when their old soap box racer turned over on Baptist Church road, Parkerford.

The victims, Kenneth Bauer, son of Mr. and Mrs. Samuel Bauer, Parkerford, and Harold Snaith, son of Mr. and Mrs. Vernon Snaith, Parkerford, turned over in the gravel with the old racer as they hurtled down a hill near their homes.

Both boys had their hands on the wheel when the racer flipped over.

Bauer was admitted to Memorial hospital with cuts of the lips and damaged upper teeth.

* * *

SNAITH WAS treated in the hospital dispensary for cuts of the right arm and brush burns of the right arm and the right side of his body. Five stitches were required to close the cuts on his arm.

The accident took place late yesterday morning.

Bauer's condition was not serious late last night.

Object Cuts Boy's Foot

Michael O'lock, 12, of 447 Laurel street, suffered a cut foot late yesterday afternoon when he stepped on a sharp object in the yard of his home.

He was discharged after treatment at Memorial hospital dispensary at 4:45 o'clock.

Youth Kills Snake Swallowing Bird, But Fails to Save Thrasher's Life

A Douglass township, Berks county, youth shot and killed a three-foot blacksnake at noon yesterday, as it tried to swallow a baby bird which had fallen from its nest.

Carl Hanley, 20, son of Kenneth Hanley, Douglassville RD 1, was hanging the family wash when he heard the cries and screeches of several birds.

Investigating the commotion, he found a blacksnake attempting to swallow a tiny thrasher.

The mother bird was whirling around the snake, flapping its wings and crying out in an effort to chase the black intruder.

Hanley ran to his house and got an air rifle. He shot the snake and tried to free the bird from its mouth. But the little bird was dead.

POLES SENTENCED

VIENNA, Austria, Aug. 3 (AP)—Six Poles accused of armed attacks on Cummunist party officials and of plotting to blew up bridges and government installations at Szczecin (Stettin) and Lublin were sentenced to terms ranging from five to 17 years, Polish newspapers received in Vienna said today.

COAL PRODUCTION UP

CHARLESTON, W. Va., Aug. 3 (AP) — The State's coal output in 1955's first six months jumped almost 11 million tons over production for the same 1954 period, but average employment in the mines continued to lag behind a year ago.

Entire Family Injured in Crash In Knauertown

All three members of an Upper Darby family suffered lacerations of their faces last night when the car in which they were riding hit a bump in the road and smashed into a culvert in Knauertown.

Quirino DiSciullo, the driver of the car, was the most seriously injured. His wife, Domenica, and son, Gaetano, had only minor cuts. All three were admitted to Memorial hospital for treatment.

According to Michael Wambach Jr., of the Warwick township police, the car was badly damaged, as is the sidewalk in front of the culvert which the car ripped up in the crash.

Hospital officials said the condition of the three was "good" late last night.

Nothing GOES like a Chevrolet V8!

Drive with care . . . EVERYWHERE!

It's the new winner in stock car competition . . . and it's winning new, young-minded friends faster than you can say America's hottest V8. *Because of its liveliness, its looks, and because it holds the road like it loves it—which it does.* Come try it, won't you, if only for the fun of it!

NOTHING (not even the high-priced cars) HAS GOT SO MUCH TO GO WITH!

The most up-to-date V8
So advanced in design and so efficient in operation that it needs only 4 quarts of oil instead of the usual 5. Shortest stroke of any V8 in the industry. Delivers more horsepower per pound than any engine in Chevrolet's field. Take your choice of the 162-h.p. "Turbo-Fire" or the 180-h.p. "Super Turbo-Fire," optional at extra cost.

Two Sizzling 6's
They're the most powerful 6's in Chevrolet's field—And like the V8's, they give you the extra punch, performance and reserve power of the only 12-volt electrical system in Chevrolet's field.

Powerglide, Overdrive or Synchro-Mesh
Chevrolet gives you the drive to suit your driving. A new and finer Synchro-Mesh transmission, or as extra-cost options, oil-smooth Powerglide automatic transmission or Touch-Down Overdrive.

New engineering advances on steering, springing, suspension
Special ball bearings in the steering gear roll with the turn of the wheel to reduce friction. Glide-Ride front suspension rolls the bumps smooth. Outrigger rear springs straighten the curves.

RECEIVES PAYMENT—The Rev. William M. Begley (far right), rector of St. Aloysius Catholic church, receives an $1800 check from Anthony Rodgers (far left), past grand knight of the Knights of Columbus, Father Bally council, as part payment for the new chapel to be located in Pius X High school. Others taking part in the ceremony are Francis W. Hennessey (second from left), district director of the Knights of Columbus, and William J. Regan (third from left), present grand knight. The organization has pledged $4000 towards the chapel.

Archbishop O'Hara Will Give Address At Dedication of Pius X High School

The Most Rev. John F. O'Hara C. S. P., archbishop of Philadelphia, will be the main speaker at the dedication of St. Pius X Catholic High school, Saturday, Sept. 3.

Prior to his talk, Bishop O'Hara will officiate at the laying of the cornerstone for the $500,000 school. He will then bless the building and officiate at the benediction of the Most Blessed Sacrament in the school's auditorium.

The $500,000 school, situated at Keim and Mulberry streets was expected to be completed by Jan. 15 of this year, however the Winter weather made that impossible and it will be finished by the end of this month. Father Begley said the last of the furnishings are being shipped now.

The school will service children from St. Aloysius, St. Peter's and Holy Trinity parishes in Pottstown, and St. Gabriel's of Stowe.

Over $180,000 has been collected towards the new school. The majority of this sum has been donated by the people of the various parishes. The Knights of Columbus have donated $1800 of the $4000 they've pledged towards defraying the expenses of the chapel being built in the school.

Chairman of the fund raising committee is Francis W. Hennessey. He is assisted by Charles A. Palladino and Matthew Santangelo.

Members of the honorary advisory board of the fund raising drive will tour the completed structure sometime this month, Hennessey said last night.

Spring Street Sewer Main to Delay Building of New Elementary School

It was indicated at the August meeting of Royersford borough council Monday night there will be a delay in building operations for the new Royersford elementary school building, while engineers determine the best procedure in solving the problem of a sewer main under Spring street.

Spokesmen for the firm of Wigmore and Gilfillan, architects and engineers for the school board, who prepared the plans for the new school building, sought council's permission to install a cast iron sewer main, to supplant terra cotta.

This proposal was offered after Albright and Friel, the sewage system engineers, had asked that if at all possible, the sewer main be relocated around the school building.

The architects for the school board told council it would be impossible to re-route the sewer main because of the terrain and they would run into a ravine in a relocation process.

• • •

TO SOLVE the problem, they pointed out that a cast iron sewer main with manholes at both ends would overcome the difficulty. They explained the new school building would not have a basement, but would be built on a concrete slab as a base. They added they could see no hazard whatsoever, as the greatest hazard would be in the event of a break, but the manholes would allow any gas to escape and not endanger the school building.

Because of these circumstances, the school board engineers said "it will delay the building, because we are being delayed."

Council also will bring up an ordinance soon which when passed will formally close Spring street at a point half way between Third and Fourth avenues.

Routine reports also were accepted at the council meeting Monday night. Report of Police Chief Bryson Turner, presented by Evan Kline, chairman of the police committee, listed: 49 complaints, two arrests, three motor violations, nine red tickets, one motor accident, causing $1375 damage; cash taken in for borough, $28; for the State, $10. The police car traveled 2708 miles, using 209 gallons of gasoline and one quart of oil and had one oil change.

Spring City School Board Meets, Discusses Request for Use of Gym

Because it is part of the Spring-Ford Joint School district, Spring City school board found little to do at a monthly meeting last night. The meeting was chiefly of a routine nature, including regular reports.

Acting on a request for use of the Spring City high school gym for a dance Aug. 13, the Spring City board could not act definitely, because it was agreed this is a matter for the joint committee of the jointure.

The request came for the Brick Dusters club. The letter was addressed to John Sanderson, principal of the joint high school. Sanderson referred the request to A. J. Balch, secretary of the Spring City board. Balch read the letter to the five Spring City board members.

Th board members immediatel realized the request should have been sent to the joint committee, which does not meet until Aug. 17. The board members individually aproved granting the request, if the dance is properly supervised and suggested it be forwarded to the joint committee with the Spring City board's recommendation. Later it was agreed the request shold be referred back to Sanderson for his action as an administrator, explaining the board's position, but stipulating if Sanderson acts on his own initiative and grants the request as an adminstrator the dance should be properly supervised.

DR. O. C. KUNTZLEMAN, supervising principal of the joint school district, told the board memers that he and Charles H. Wise, high school principal, had asked the joint committee to set a blanket policy covering all such future requests in the entire joint district.

Report of the board treasurer, E. C. Willever, listed a balance of $48,300.46 in the general fund and $10,802 in the bond redemption account.

Tax Collecter Norman Mowrey reported total credits of $24,922.26 against the new tax duplicate totaling $87,626.33, leaving $62,704.07 outstanding, or $48,704.07 in property ta and $14,000, per capita tax.

Carl Shoneman, chairman of the property committee, reported work on installation of a new oil-fired boiler in the high school building was 20 percent completed and the indications are the work would be completed by the end of August.

Bills were approved for payment totaling $17,303.33, of which $15,335.65 was ten percent of the Spring City's board share for the joint district school budget.

LODGE TO MEET

Spring City Motorist Rams Parked Truck

Phoenixville police revealed yesterday a Spring City motorist has voluntarily identified himself as the driver of a car which police had thought was a hit-run affair.

Leighton Fitzgerald, 40, of 248 Brown street, told Police Chief Fred K. MacInnis he was blinded by headlights of an oncoming car while driving north on Franklin avenue early Tuesday morning. He failed to see a parked truck when he turned to the right to avoid colliding with the other vehicle and hit the parked truck. He said he alighted, looked over the truck and failed to find any damage and continued on his way.

Damage to Fitzgerald's car was estimated at $50. Chester Gable, 203 Franklin avenue, Phoenixville, said his truck was damaged to the extent of $125.

Library Club Plans Tentative Budget

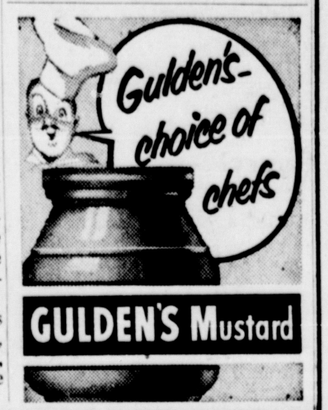

A tentative budget was prepared at a recent meeting of the executive board of Women's Library club of Spring City, held at the Polka Dot restaurant, with Mrs. Ambram Briner presiding.

A discussion was held concerning the Spring-Ford school jointure and how it will affect the club's program of entertaining high school groups.

A meeting also was held of all committee chairmen, when the program was outlined for the new club year. After the meeting refreshments were served by the hostess, Mrs. Briner.

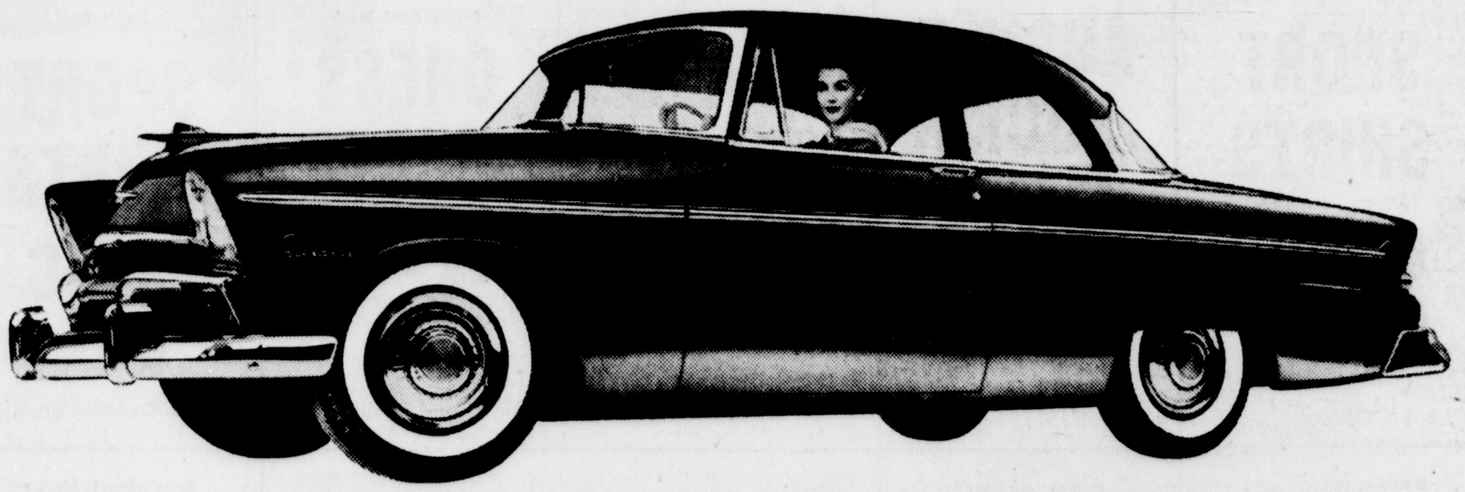

Attending the executive board meeting were Mrs. A. J. Balch, Mrs. Emma M. Wells, Mrs. Harry Kulp, Mrs. Ivin Young, Mrs. Raymond Williams and Mrs. Kenneth Hipple.

Present at the program meeting were Mrs. Emma M. Wells, chairman; Mrs. Raymond Miller, Bertha Brower, Mrs. Arthur Hodge, Mrs. Elbert Fritz, Mrs. John Wilson, Mrs. Harry Kulp, Mrs. Lawrence Weikel, Mrs. Clyde Hipple and Mrs. Clayton Shaner.

BARR, LEADER TO CONSIDER DAM PROTEST

HARRISBURG Aug. 3 (AP)—Sen. Joseph M. Barr, State Democratic chairman, said today he will take up with Governor Leader a protest from a group opposing construction of a dam across the Perkiomen creek in Montgomery county.

The dam is being built in an expansion program by the Philadelphia Suburban Water company.

The protest filed by Horace E. Godshall, Collegeville, chairman of The Friends of the Perkiomen Valley, cited a Democratic party platform plank promising to "halt the 'give-away' policies of Republican administrations."

The plank promised to "protect the public's interest in the water resources of the Commonwealth, particularly the waters of the Delaware and Perkiomen valleys, which are vital to the industrial growth of our State, in order that they do not become subject to abuse or monopoly control . . ."

* * *

"IN A matter of days after Governor Leader went into office, the Philadelphia Suburban Water company began the construction of the dam across the Perkiomen," said Godshall.

"The Friends immediately asked the new administration to stop the construction.

"To date nothing has been done by the Lealer administration except to advise the Friends to secure the services of an attorney, and for us to continue the fight which has been going on for five and one-half years."

Godshall reported that copies of his letter went to the Governor, cabinet members, Democratic legislators and Democratic county chairmen and other party leaders.

The letter related also that Governor Leader in a campaign speech at Pennsburg "condemned the collusion of the GOP machine with the private water company" and promised to protect "the people's interest and rights."

Safety Panel Hears Review Of Truck Law

Sgt. Thomas Devlin, of the Jeffersonville State police barracks, reviewed the provisions and penalties of the new State truck weight law at yesterday's monthly meeting of the Montgomery County Safety council.

Sgt. Devlin explained that all police departments are now empowered to make arrests on sight under the new law.

Another guest speaker, the Rev. Delaine E. Story, public relations director for the local Firestone Tire and Rubber company plant, endorsed the council's request that clergymen of all denominations in the county devote at least one sermon a year to safety.

O. C. Beacraft, president of the council, reported that Montgomery county led the 23 countries in the State registering decreases in traffic deaths over the past year.

The county has had nine less traffic fatalities in the first seven months of this year as compared with the same period in 1954.

Forty members and guests, many of them owners and operators of trucks, attended the session, which was held in the county courthouse, Norristown.

Steffey Decision Delayed 3d Time

For the third time, a decision was postponed last night in the case of Paul D. Steffy, 317 West Beech street, charged with operating a truck during suspension of his operator's license.

Douglass township Justice of the Peace Charles E. Templin postponed his decision one more week, until next Wednesday, at the request of both prosecuting State police and Steffy's counsel.

Steffy has contended that he lost his operator's license and promptly applied for another. State police have charged him with applying for a new operator's license after they arrested him this past Spring for speeding.

Templin asserted "this is the last postponement. I will have to make a decision by Wednesday."

Kiwanis Club Hears Talks on Drouth Effects

Three members of the Kiwanis club spoke during the regular meeting of the group this week on the effects of drouth on the farmer, dairyman and grounds keeper.

The men were Horace Swavely, Robert Meloy and Evan Sibson. They were introduced by Alan Levengood, chairman of the Agriculture committee.

Report Denied

Mrs. Emilia Wasilindra, of 419 Laurel street, yesterday denied that she reported two men in a car dumped two live kittens in a bag into an alley behind her home, as stated in The Mercury. Mrs. Wasilindra said she told her neighbor of the incident and mentioned that she recognized one of the men in the car. The neighbor reported the incident to the Pottstown Animal Rescue society.

Iran Government Bans Opium Smoking at Work

TEHERAN, Iran, Aug. 3 (AP)—Government workers have been ordered to quit opium smoking while at work.

Official sources would not comment on the number of addicts in government service. But one put it at "not more than several thousand."

Iran, which is campaigning against opium smoking, annually produces 750 tons of opium, of which 250 tons is exported.

Vacationing With Mercury Readers

By THE VACATION EDITOR
Of The Mercury Staff

Neck Straining seems to be on the August agenda for Pottstown vacationers.

Looking down into Pennsylvania's own Grand Caynon and the misty Niagara Falls, kept two vacationing families intrigued.

Harry and Jean Mace are spending their vacation at Niagara Falls and sent a postcard to The Vacation Editor which said, "Hi to all our friends in Pottstown. We are having a wonderful time here at the Falls.

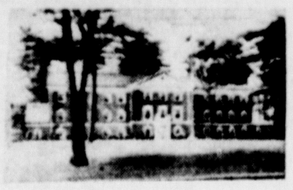

Nature's water wonder

Their postcard shows the various scenic spots in the area arranged inside the letters of Niagara Falls. One place in particular is the falls museum, which is situated on the Riverway, facing Prospect park. It is a storehouse of interesting relics and unusual objects and has several hundred thousand specimens, including Egyptian mummies, Indian relics and animals.

* * *

A NUMBER of vacationers travel across the continent in order to enjoy the sights at Grand Caynon, Arizona.

Mr. and Mrs. Sterling Steiner, Pottstown RD 1, have seen similar sights in Pennsylvania's own Grand Canyon. They write, "We are enjoying a few days touring this interesting spot. The scenery has been very beautiful."

Pennsylvania hospital

Pictured on their postcard is the Soldier's and Sailor's Memorial hospital, Wellsboro, Pa. The three-story brick building is shaded by tall trees and shrubs.

Nature's Wonderland, Monroe, N. Y., is the vacation spot chosen by Mr. and Mrs. Paul Pickar, 322 Elm street, Stowe.

New York scenic beauty

Their card shows the mountain streams and wooded hills as seen from the highways.

* * *

VACATION EXPERIENCES are fun and are pleasant memories during the cold Winter.

If you are planning a trip to some mountain or seashore resort why not share all your happy experiences with your neighbors and friends in Pottstown.

Mail a black and white postcard to the vacation editor, Pottstown Mercury. Tell about the sights you are enjoying and a funny incident that may have happened while on the trip. Sign the card with your full name and home address.

The Mercury vacation editor will be glad to let the people at home know, you are having the best Summer vacation possible!

Workman's Scalp Cut In Mishap at Project

A 57-year-old man was treated at Memorial hospital for a deep scalp cut yesterday afternoon after he struck his head on a steel girder.

The man, Paul Brown, Newtown Square, had the cut sutured at 1:45 p. m. He was working on a project for Asbestos Insulating company, Norristown, when the accident occurred.

China-U. S. Officials Confer on Prisoners

GENEVA, Aug. 3 (AP) — Ambassador of the United States and Red China will meet again tomorrow in an attempt to settle the future of 40 American civilians detained in China and Chinese Nationalists living in the United States.

Ambassador Wang Ping-nan, representing the Peiping government, indicated Monday there should be little difficulty in arranging the repatriation of the 40 Americans.

ANTI-INFLATIONARY STEP

WASHINGTON, Aug. 3 (AP)—The Government took another anti-inflationary step today, approving increases in discount rates by four Federal Reserve banks.

Police Chief Handcuffs Man — But for Good

The case of the handcuffs that wouldn't open was solved early this morning by Lower Pottsgrove Police Chief Harry G. Chrusch.

It all started at 1 o'clock. A stocky, heavy muscled man caused a disturbance at the Flowing Springs inn. The inn proprietor finally called South Coventry Police Chief Robert Conway because the man was being obnoxious to customers.

He had shoved one man and allegedly spit in another man's beer. When Conway got him in the car he got tough and the South Coventry chief was forced to handcuff him.

When Conway arrived at borough hall, he discovered that he had left the keys to the cuffs at home. Desk Sgt. Paul I. Galloway radioed Patrolman Lorin Leuthold who came to borough hall and tried his keys.

* * *

OTHER POLICE tried their keys, but the cuffs wouldn't open.

Conway finally decided to drive to his South Pottstown home and get the keys.

But by the time he returned Chief Chrusch had opened the contrary cuffs.

The man, who argued and kicked at police, was committed to the lockup. Conway, who charged him being drunk and disorderly conduct, did not get his name.

Self-Styled Preacher Ignored Draft Notice

CHICAGO, Aug. 3—(AP)—A self-styled unattached minister was arested yesterday on a charge of failure to report at Harrisburg in May 1945 for induction into the armed forces.

William Stanislaw, 42, told FBI agents he had been traveling around the country for years working at odd jobs and preaching.

U. S. commissioner C. S. Dentley Pike set bond at $2500 and continued the case until Monday.

Italian Red Tape Delays Probe by Grand Jury

NOVARA, Italy, Aug. 3 (AP)—Italian red tape today appeared to be delaying a trip to the United States by 18 Italians to testify in an inquiry into the wartime cloak-and-dagger slaying of Maj. William Holohan.

The Italians, former partisans, were expected to testify before a Federal grand jury reported to have been called in Washington to reopen the bizarre case.

TWO DEMONSTRATORS KILLED

BOMBAY, India, Aug. 3 (AP)—Goan sources here said two Indians were killed today when police fired on unarmed demonstrators attempting to march into Portuguese Goa. Three others were wounded.

Keystone Grange Confers Degrees

The youth degree team of the Keystone Grange of Trappe initiated six members into the first and second degrees at the meeting last night in Grange hall.

Initiated were Mr. and Mrs. Wilbur Higby and daughter Carol, Joanne Kehl, Bryant Seese, and Helen Neilson.

Members of the conferring team were John Clark, overseer; Almond Espenship, steward, Albert Kreibel, lecturer, Lois Stringer, chaplain, John Gotwals, gatekeeper, Patricia Bornemen, secretary, William Troutman, treasurer, Dorothy McCleary, ceres, Mary Samworth, pomona, Francis Detweiler, flora, Charles Wismer Jr., assistant steward, Florence Funk, lady assistant steward, Mrs. Eleanor Rothenberger, pianist, Mrs. Ruth Gottshall, soloist, and Mrs. Ella Simmons was in charge of tableaus.

Those taking part in the tableaus were Mrs. Ralph Spickard, Mrs. Donald Sweet, Mrs. Harry Moyer, Mrs. Burton Allebach, and Mrs. Harry Detweiler.

Ralph Spickard, master, was in charge of the meeting, which was attended by 55 members.

'Second Termers' Say Age Concerns President

WASHINGTON, Aug. 3 (AP)—A group of Republicans who urged President Eisenhower to run again in 1956 reported today he raised the question of his age.

There is an erosion in the presidency, Senator Bender (R-Ohio) quoted Eisenhower as saying, and no president has reached the age of 70 in the White House.

Eisenhower will be 65 in October and, if elected to a second term, he would be a few months past 70 when that term expired in 1961.

CHARGES INCONSISTENCY

WASHINGTON, Aug. 3 (AP)—Senator Kefauver (D-Tenn) suggested today that President Eisenhower acted inconsistently in handling the cases of Air Force Secretary Talbott and Adolphe Wenzell, a key figure in the Dixon-Yates probe.

Property Owners In Upper Hanover Fight Ordinance

Three hundred Upper Hanover township property owners filed a petition in the prothonotary's office, Court of Common Pleas, Norristown, yesterday protesting an ordinance limiting the size of a lot to 20,000 square feet.

The petition was filed by Norristown attorney, Rober B. Reynolds.

The 300 citizens, who make up 63 percent of the property owners in the township are protesting the ordinance because the township supervisors have failed to pass a building code.

The property owners have agreed to the ordinance on the promise that a building code would be passed.

The ordinance was passed on June 9 but the building code has not materialized.

Harvey Schwoyer, president of the supervisors, said last night that the code in the process of being formulated and it should be adopted within the next few weeks. However, the protest is being carried through regardless, attorney Reynolds said last night.

Collegeville Plans To Warn Peddlers

There will be no excuse for violating the peddling law in Collegeville in the future.

Councilmen last night voted to erect signs at all prominent entrances to the borough which will warn peddlers and solicitors they must obtain a license from Police Chief Richard McClure before their activities are legal.

Council directed the chief to investigate violation of the two-hour parking on Main street and to warn motorists who violate the traffic light trip on Fifth avenue at Main street.

Members voted to purchase a radio for the chief's car.

The chief reported nine arrests for motor violations and four disorderly conduct arrests during July.

The street committee reported patching of a number of borough streets.

President Robert Hess presided.

EARL —

Minninger 5 percent for his money. By paying off the Minninger loan they saved 3½ percent on the $1700, the only financial move that taxpayers agree with.

* * *

TAXPAYERS CHARGE that part of $3300, designated for construction of the road to the school, has been used for hardtopping a road which runs up to the property of Daniel Kauffman, newly-appointed sub-foreman of roads.

An inspection of township books last night showed that the following money in three township funds: township fund, $83.69; State fund, $35.21, and loan account, $28.57, a total balance of $147.47.

In addition the township is due to receive $6292 in State aid, in quarterly installments, but none of this money has been received.

Also, the township rates $2600 in matching money.

* * *

TAXPAYERS ESTIMATE supervisors wil receive $7800 in 1955 taxes, if 90 percent of the total duplicates are paid.

Amounts receivable and the cash balance add up to $16,839.47.

On the debit side of the ledger, supervisors must pay off the $5000 loan, $75 interest on the loan, $4700 in bills for July (most of them to E. J. Breneman company, Warwick settlement) which have not been paid, an estimated $700 commission to the tax collector and secretary-treasurer, an estimated $2562 for roads constructed during the Summer; $275 labor due as of August 1, an estimated $80 for use of a roller and the $3300 earmarked for construction of the road to the school.

These figures total $1692, which is $147.47 less than the $16,839.47.

Taxpayers charge that supervisors can't run the township for the remainder of the year and construct the promised road to the school without serious trouble.

* * *

THAT'S WHY they believe that supervisors plan to forget about the road to the school, although it is written in the minutes that the loan from the Berks County Trust company was received for this purpose.

Taxpayers point out there will be no money available for cutting brush along the roads, no money for snow removal, no money for patching existing hardtop roads and no money left for labor.

Taxpayers also believe the township should have a carry-over of $1000 for the first three months of 1956.

They believe that the present road board dominated by Cleaver Monroe, Moser, are handling the finances the way they are because their power is waning.

* * *

CLEAVER, WHO citizens insist has moved from the township and is operating a hotel in the vicinity of Hamburg, is not running for re-election. His term expires this year.

Moser's term is not up and the Oliver Stoudt, the third supervisor, is on the side of taxpayers. The new supervisor will be either Percy Swavely, Democrat, or Edwin Quigley, Republican.

Both men won in the May Primary over Cleaver endorsed opponents.

A seven-township survey showed that the highest rate paid equipment operators outside of Sarl, was in Douglass and Colebroodale townships, where the rate is $1.50. Cleaver has received $2.25 an hour for operating equipment in Earl township.

The State code for second class townships says that the salary paid for this type work shall not exceed the average paid for work in the area.

Labor Secretary Fixes Wages for Coal Miners

WASHINGTON, Aug. 3 (AP)—Secretary of Labor Mitchell today imposed wage minimums for soft coal mined on government contracts. In nearly all cases, the minimums are based on the wages paid John L. Lewis' United Mine Workers.

The action takes effect 30 days from next Saturday. In areas which produce four-fifths of the Nation's coal the rate will be 2.24½ cents an hour. This applies in the coal fields of Pennsylvania, Maryland, West Virginia, Virginia, Ohio, Illinois, Eastern Kentucky, and Northern Tennessee.

Bamboo Curtain to Raise on 11 Airmen Today

FREEDOM NEAR FOR CREW OF DOWNED B29

HONG KONG, Thursday, Aug. 4 (AP) — The Bamboo Curtain is parting today for the exit of 11 U. S. airmen imprisoned 2½ years in Red China.

Welcoming handclasps, medical attention, food and new uniforms awaited the return to freedom of Colonel John Knox Arnold Jr., of Silver Spring, Md., and the B29 crew shot down with him on a leaflet-dropping mission over North Korea Jan. 12, 1953.

Though Peiping announced all would be freed today, the exact hour of their arrival in this British Crown colony appeared uncertain.

In the pre-dawn hours, Hong Kong buzzed with rumors the 11 were at the village of Sumchun. Just inside Red China, and would cross shortly after the border opened at 8 a. m. (8 p. m. Wednesday EST).

* * *

OFFICIAL sources, however, said there was nothing to confirm this and that the fliers still were expected to come from Canton on the daily train due about 1 p. m. They are likely to cross the border about 2 p. m., these sources said.

The men are to be flown as quickly as possible from Hong Kong to Clark field in the Philippines. After two or three days there for medical checkups and administrative processing, they are to fly directly to the U. S. West Coast to meet their families at either McCord Air base near Seattle or Travis Air base near San Francisco.

Despite protests from newsmen, there has been no change in instructions from Washington prohibiting individual interviews with the men when they pass through Hong Kong.

Their stay here is likely to last less than two hours. Only one reporter and one photographer will be permitted to see and talk with them on behalf of all the press.

In addition to Arnold, the men are:

Major William H. Baumer, Lewisburg, Pa.; Capt. Eugene John Vaadi, Clayton, N. Y.; Capt. Elmer F. Lewellyn, Missoula, Mont.; Lt. Wallace L. Brown, Banks, Ala.; Lt. John W. Buck, Armathwaite, Tenn.; Sergt. Howard W. Brown, St. Paul, Minn.; Airman Steven E. Kiba, Akron, Ohio; Airman Harry M. Benjamin Jr.; Worthington, Minn.; Airman John W. Thompson III, Orange, Va.; Airman Daniel C. Schmidt, Redding, Calif.

ILLEGAL NEGOTIATIONS

WASHINGTON, Aug. 3 (AP) — In a new attack on the Dixon-Yates power contract, Senator Kefauver (D-Tenn) charged today that Edgar H. Dixon acted illegally in negotiating it with the Federal government.

Bulgaria Admits Error

"Hasty" Pilots Gunned Plane

TEL AVIV, Israel, Aug. 3 (AP)—Communist Bulgaria acknowledged today that two of its fighter planes —not antiaircraft guns—shot down the Israeli airliner which carried 58 persons to death last Wednesday.

A government announcement broadcast by the Sofia radio said the fighters were "too hasty" and "did not take all the necessary measures to force the plane to land" after it veered into Bulgaria's air space.

All aboard, including 12 Americans, perished when the airliner crashed in flames near Petrich, not far from the Yugoslav and Greek frontiers, on a flight from London to Tel Aviv.

Bulgaria contends the aircraft was 80 miles off its normal course across Yugoslavia.

Israeli investigators who examined the wreckage said they saw numerous bullet holes which appeared to have been caused by machine gun fire.

* * *

THE FIRST Bulgarian statements acknowledging responsibility said it was antiaircraft fire that brought down the American-built Constellation of the El Al Israel airlines.

The Sofia announcement today promised punishment for those who shot down the plane and measures to prevent recurrence of such a disaster.

It blamed international tension and repeated previous violations of Bulgaria's air frontier for the action of its Air Force.

The announcement also said the Bulgarian government has informed Israel of willingness to pay damages to relatives of the victims as well as share the cost of the airliner.

October Launching Set

Scientists Believe Rocket Will Create Own Moonlight

LINCOLN, Mass., Aug. 3 (AP)—The Cambridge Air Force research center said today that artificial moonlight may be created by a rocket to be fired 60 miles into the atmosphere at Holloman Air Development center, Holloman, New Mexico, the week of Oct. 14.

Experts said one of the aims is to clear up some of the mysteries about the atmosphere composition at that height.

In Washington the Air Force said the main purpose of the project will be to test the accuracy of scientific beliefs that a layer of natural sodium hangs in the thin atmosphere.

Scientists believe soodium may be present because of a glow high in the sky caused by the reflection of the sunligh on minute particles of sodium.

AN AREOBE rocket, which was used in similar tests in New Mexico last January, will carry a few pounds of sodium to be released as vapor at the desired altitude.

The areobe is the only rocket currently used for high altitude weather research, a Cambridge Air Force Research center spokesman said, and has been in use five years.

Experts in Washington said they hoped the man-made moonlight will glow, at least for a short time, with a brilliance comparable to that of the earth's real moon at twilight.

Results of the experiment, the Air Force said, might also supply data for the man-made earth satellite that the U. S. plans to hurl into space between 200 and 300 miles from the Earth in 1957.

Argentine Revolt Chiefs To Be Sentenced Friday

BUENOS AIRES, Argentina, Aug. 3 (AP)—The alleged ringleaders of the June 16 revolt against President Juan D. Peron's government will be sentenced Friday by the supreme council of the armed forces, unofficial sources said today.

Lawyers acquainted with the proceedings said the prosecution had demanded death by a firing squad for Adm. Samuel Toranzo Calderon, who has been singled out as chief plotter of the unsuccessful attempt to overthrow Peron.

District Attorney Seeks Early Trial For Court Killer

CARLISLE, Aug. 3 (AP) — Sixty-year-old Percy Haines Jr. might have only a little more than a month before he goes on trial for the Cumberland county courthouse murder of an attorney in a shooting spree yesterday that shocked this historic old community.

"I will object o any delaying motions if suggested by the defense," said Dist. Atty. Clinton R. Weidner.

Weidner indicated Haines' trial for the murder of John D. Faller Jr., 41-year-old Carlisle lawyer, would be docketed for the September term of Criminal court.

Haines according to Weidner, signed a statement admitting that he fired four shots in the courtroom yesterday, killing Faller, critically wounding his own estranged wife and less seriously wounding presiding Judge Mark E. Garber, 58, and George Black, 50, Chambersburg.

* * *

"HE HAS given us a signed statement admitting he fired the shots and he has re-enacted the crime for us," Weidner added.

Wife Demands Police Arrest Hubby's 'Doll'

BESSEMER, Ala., Aug. 3 (AP)—A Bikini-clad beauty named Myrtle, who almost broke up a happy home, is being held at police headquarters while officers try to decide what to do about the crisis she created.

The angry wife wants somebody arrested and Myrtle would be the logical candidate except for one fact—Myrtle is only cardboard.

"It's fantastic," sighed Police Chief C. T. Mullen, in whose lap Myrtle and the wife's demands for action have been dumped.

Myrtle is life-size and three-D. All of her that's visible appeals to the eye. Most of her is visible.

A DISTRIBUTING company representative had been carrying Myrtle around to cafes, where—just for laughs—customers would have their pictures taken with Myrtle.

The pictures would fool anybody. The one snapped of the husband in the case fooled his wife when she heard he'd shown neighbors a picture of himself with a scantily-clad brunet.

Chief Mullen said he had hardly reached his office Monday when the wife arrived.

"I want this woman arrested," she said, showing him the picture.

Mullen said the wife now knows Myrtle's flesh and bone are cardboard, but she still wants somebody arrested.

New York Bids 'El' Goodbye

The Third Avenue Elevated, which expired in May at the age of 77, is eulogized by New Yorkers with a parade of old time automobiles. City officials and sentimentalists took part in the ceremony as razing of the ancient landmark officially began. People of 45 nationalities who lived in its shadow also were in the celebration.

Masked Gunmen Hold Up Brink's Carrying $498,500 Racetrack Funds

BUFFALO, N.Y., Aug. 3 (AP) — Three masked bandits armed with a sub-machine gun held up a Brink's incorporated armored car carrying receipts from the Fort Erie (Ont.) racetrack tonight but two were captured almost immediately under a hail of police bullets and tear gas.

A Brink's messenger was shot in the stomach by the bandits but was reported in good condition at Emergency hospital.

Police said a third bandit escaped.

A sum of $498,500 was reported in a cash box carried by the armored truck, but police would not verify the report immediately.

The police would not say if the money had been recovered.

A third bandit escaped a police net.

* * *

ONE OF the unidentified bandits was captured in a cellar of a private dwelling about a half hour after the holdup occurred at 7:15 p. m. The second bandit was captured in a house nearby.

Police said the holdup occurred when the armored truck was driven into the Brink garage located in the west side of the city.

Police said the bandits took the money from a truck operated by Kenneth Kemp, 31.

He drove the truck into the garage and closed the door inside. As he went to open the truck's rear door, three men wearing silk stockings over their heads jumped out of another Brink's truck, police said.

Tax Bill Confab Meets GOP Okay

HARRISBURG, Aug. 3 (AP)—Senate Republicans agreed tonight to confer with Governor Leader tomorrow on a possible tax compromise but went ahead with their declared intention of killing the classified income tax irrevocably.

"As far as I can see, the conference will have no effect on our plans to vote on the bill tomorrow and defeat it," said Sen. Rowland B. Mahany, Senate Republican floor leader.

The Governor invited both Republican and Democratic legislative leaders to the morning conference to discuss what he termed the "fiscal crisis facing the Commonwealth."

"Because the solution of this tax problem rises above partisan lines I invite you along with the other Senate and House leaders to meet with me in my office," Leader said in individual letters.

* * *

THE LETTERS went to Mahany, Sen. M. Harvey Taylor, Senate president pro tempore; Rep. Charles C. Smith, House Republican floor leader; Sen. John H. Dent, Senate Democratic floor leader; Speaker H. G. Andrews (D-Cambria); Rep. Albert S. Readinger, House Democratic floor leader.

The call for the conference came as Senate Republicans rejected Leader's previous proposal for a compromise on the income tax and toyed with the idea of seeking to extending the present one percent sales tax for four months beyond the present Aug. 31 expiration date.

"We're going to kill that (income) tax bill for good," Taylor told a newsman.

The tax controversy dominated the legislative picture in both Houses during the day. The House cleaned up some routine business, stood by futilely waiting for Senate action on their plans to recess until Aug. 29 and finally called for another token session tomorrow.

Crockett Clan Fixes Sights On Sale Rights

OKAWVILLE, Ill., Aug. 3 (AP)—A modern-day battle of the Alamo seems to be in the making, with descendants of Davy Crockett centering their firepower on merchandising rights.

The Crockett clan also is gunning for those who have insinuated that Davy was a delinquent boy, a shiftless, ignorant man, and something less than the king of the wild frontier.

And this time the Crocketts want to be on the winning side.

They've hired lawyers and have banded together to form the David Crockett descendants fund, organized as a charitable trust, and have incorporated for money-making purposes as Crockett Kids, incorporated.

* * *

THE BATTLE leader is Mrs. Margie Flowers Cohn of Okawville, who claims to be a great-great-granddaughter of the famed Indian fighter. She says she represents about 100 descendants of Davy and his first wife, Polly Finley Crockett.

The money they expect to raise, Mrs. Cohn said, will be used "for the education and medical care of needy descendants of Crockett."

Walt Disney enterprises and Morey Schwartz, a Baltimore clothier, have agreed to share each other's rights to the name Davy Crockett on merchandise—but they still have to contend with the newly-organized Crockett clan.

Six WACs Discharged Following Army Probe

FT. JACKSON, S. C., Aug. 3 (AP)—Six members of Ft. Jackson's small WAC detachment, under investigation for the past two weeks following reports of "questionable moral conduct," have been discharged "for the good of the service."

The Army post's public information office declined further comment on today's action. It would say only that the discharges were "of the undesirable type." Names of those discharged were withheld.

Scrubbed, Obedient Animals Take Top Honors at Pet Show

For being the most loved by their masters, all pets in the Stowe Pet show last night won first prize.

Sponsored by the Stowe Lioness club, the affair was staged on the grounds of the West End firehouse.

There was a large number of entries, all clean and shining and adorned with colorful ribbon bows. Dogs, cats, rabbits, ducks, birds were most numerous.

One young man sported a chameleon that was a different color each time he emerged from under his owners collar.

A goose, adorned with a large purple flower, found the decoration a pleasing between meals tidbit, before judging started.

Two black ducks, wearing rakish straw hats, chewed companionably on each other's headgear.

Unfortunately the hunting instinct in many of the dogs was aroused by the rabbits and it was found wise to keep the ducks a safe distance from the fish.

All entrants behaved quite well at judging time; but 50 pairs of very young eyes looked beseechingly at the judge. The judge found it best to look only at the pets.

Prizes for obedience, grooming and beauty were awarded to an Irish setter, master Jerome Hospador and a collie, master, Robert Gephart.

Carol Weaver was awarded a prize for her two chi-hua-huas because they were the most unusual dogs shown.

Prize for the best behaved dog went to Judy Paolucci's terrier.

A white angora cat, belonging to Rusty Reitmyer, was judged the prettiest cat. Second prize in this class went to a wee gray kitten in the arms of Barbara McKissic, because it was the smallest. A coal black cat with huge red bow, pet of Carol Ann Mease, won a prize for obedience.

The smallest pet, a guppy the size of a fine line, won a prize for owner Vicki Reitmyer. Prize for the second smallest went to Corky Koren for his half-inch gold fish, in extremely small bowl.

A turtle that has lived with Mary Jane Regan's family for two years; it's a big yellow back; was judged the most unusual pet. Second prize in this category went to John Boyer for his sleepy guinea pig.

The birds were all smart and well kept, so the prize went to the one of a different color, an aqua parakeet, owned by Patricia Lenhart. Second prize was given to the only pair of love birds.

Paula Chuck's black ducks won out over a pair of white ones and the flower eating goose.

A Belgian hare, belonging to Francis Hyland, won among the rabbits, because he was the biggest.

After prizes were awarded all children received popsicles as colorful as their pet's bows.

Judge for the affair was Mrs. J. Robert Gray.

Full Moon Sets Mood For 'Teen-Agers Dance

A full moon provided the perfect backdrop for more than 450 'teenagers last night at Memorial park, for the weekly informal dance sponsored by the Pottstown Recreation commission.

Befitting the romantic moon most of the girls donned their Summer finery, the bouffant skirts of their cotton frocks swirling as they danced to the music of Ronald Rohland and his orchestra.

Music for the dances, scheduled each Wednesday night throughout the Summer, is provided through a grant from the trust fund of the recording industry and furnished by Local 211, AFM.

Chaperoning last night's dance were: Robert Reis, recreation director; Mrs. G. Bryce Manthorne, Mr. and Mrs. Richard Rice and Thomas Dwyer.

HANG IT ALL

Try keeping your beauty gadgets within arm's reach by installing a masonite peg-board in the bathroom.

Small metal hooks will hold brushes, sponges, and everything else you need for proper beauty care—from shampoo goggles to a piece of pumice.

You'll be surprised how glamorous neatness and convenience can become.

Use the scooped-out half of a watermelon for a Summer punch bowl. Be sure to cut the watermelon lengthwise, of course.

"FOR OUTSTANDING ACHIEVEMENT"—Mrs. Carl Ressler (left) accepted an American Rose society award from Fred Glaes, ARS director, last night during a meeting of the Pottstown Rose society at the home of Mr. and Mrs. Edward W. Heydt, North Keim street. Mrs. Ressler and her husband received the award, the annual Horace McFarland trophy, for the five best hybrid tea roses entered in the recent Penn-Jersey district rose show in Pittsburgh. Mr. Glaes, who presented the award, is president of the Penn-Jersey district, and head of the Reading Rose society.

ARS Award Is Presented To Rose Society Members

American Rose society director Fred Glaes last night presented the society's Horace McFarland trophy to two members of the Pottstown chapter of the society during a meeting at the Summer home of Mr. and Mrs. Edward W. Heydt, North Keim street.

Mr. Glaes, who also is president of the Penn-Jersey district, ARS, and of the Reading society, made the presentation to Mr. and Mrs. Carl T. Ressler.

The award was given for the five best hybrid tea roses, exhibited by the Resslers at the Fourth Annual Penn-Jersey district show, held recently in Pittsburgh.

Joseph Selagyi, president, conducted the business session, during which the 40 members present voted to serve as host group for the Sixth annual Penn-Jersey show, in 1957.

Named to head the show, for which preparations always are begun at least one full year in advance, were: Mr. Selagyi, Paul E. Duttenhofer and Carl Ressler.

Exhibitors from all over Pennsylvania and New Jersey are eligible to display their roses in this show.

Mr. Selagyi announced that the society's Municipal rose garden at Memorial hospital has received a commendation from the ARS, as well as approval for test rose growing.

The garden now will contain test rose varieties from nurseries throughout the country. Surplus roses from Municipal garden will be planted at Memorial park, this project to be in charge of Alexander Downie.

It was voted to purchase a bronze sign identifying the municipal garden and stating that the roses are "established and maintained" by the Pottstown group.

Maintenance work is done on a volunteer basis, with one group working Mondays and Tuesdays, and another on Thursdays and Fridays.

In addition, the local chapter will attach identification tags, plastic coated, to each rose variety for the benefit of visitors to the garden.

After the business session, while the host and hostess served refreshments, slides were shown of an Ontario, Calif., rose nursery. Clarence Ecker also showed slides taken during the local group's show in June, and of the Mont Clare, N. J., show last September.

Marriage of Mary Ann Weber Takes Place in Germantown

A wedding of local interest was solemnized recently when Mary Ann Weber of the Presidential apartments, Philadelphia, became the bride of William H. Rennick, 421 Norfolk road, Philadelphia.

The double ring ceremony was performed in Christ Church and St. Michael's Episcopal Church, Germantown, by the Rev. W. Hamilton Aulenbach, rector.

The bride is a daughter of Mr. and Mrs. Harold Weber, 1033 Rambler avenue. Mr. and Mrs. J. H. Rennick, Chattanooga, Tenn., are parents of the bridegroom.

Given in marriage by her father, the bride wore a dress of beige linen, with scoop neckline and cape sleeves. Her accessories were brown and she carried a prayer book with an arrangement of brown orchids.

Dena Mayo of Philadelphia attended as maid-of-honor. With her dress of brown she wore white accessories and a corsage of white lillies.

Joseph Luppinacci, also of Philadelphia, served as best man.

A dinner at Blue Bell inn followed the ceremony.

Mrs. Rennick was graduated from Pottstown Senior High school and Harcum Junior college, Bryn Mawr. She is presently employed as a secretary by the Tradesmen's Bank and Trust company, Philadelphia.

Mr. Rennick, a sales engineer for the American Lava corporation, Division of Minnesota Mining and Manufacturing company, is a graduate of Baylor Military academy, Chattanooga, and Vanderbilt university, Nashville, Tenn., and a member of Kappa Sigma fraternity. He served with the U. S. Air Force in World War II.

Mrs. William H. Rennick

The couple will be at home after Sept. 1, at the 421 Norfolk road address, following a wedding trip through the South.

Craig Erb Honored With Birthday Party Given by Parents

Craig Erb was honored on his fifth birthday yesterday with a party given by his parents at the home of Mr. and Mrs. William Roth, Park Court.

The honored guest is a son of Mr. and Mrs. David Erb, 203 South Hanover street. Mr. and Mrs. Roth are his grandparents.

The affair took place on the Roth's lawn. A birthday cake topped with five candles centered the picnic table.

Refreshments were served to: Bonnie Wisler, Sandra Anderson, Vernon Anderson, Karen Billy, Richard Cressman, Barbara Leck, Danny Leck, Billy Ann Christman, Jeffry Christman, Ben Bell, Linda Stauffer, Brenda Smith, Gary Heffner, Alexa Asti.

And Muffin O'Dell, Timmy O'Dell, Douglas O'Dell, April Wheeler, Sharon Trimble, Mrs. William hristman, Mrs. Peter Leck, Mrs. Harold Smith and Mrs. hrist Eliades.

QUICK PICKUP

For that mid-afternoon pickup beverage, mix three tablespoons of commercially prepared chocolate syrup with a cup of undiluted evaporated milk and two-thirds cup hot strong coffee. Add ice cubes, stir well and enjoy!

OUR TRAVELING NEIGHBORS

MR. AND MRS. RAYMOND S. ELLIOTT and their three sons, James, Raymond and Walter, Douglassville, will leave Sunday for Newport News, Va., where they will spend a week as the guests of James Klink, formerly of Douglassville, who is a foreman in a ship construction plant at Newport News, Va.

* * *

DR. ALICE E. SHEPPARD, 174 North Franklin street, and Mrs. Ethel McConnell, 601 North Evans street, returned home Sunday, July 24, after spending a week's vacation touring some of the New England states.

* * *

MR. AND MRS. WILLIAM SIMONITUS, 1252 Cherry street, and friends from Birdsboro, Mr. James Murray and Mr. and Mrs. Harry Hart, will leave Friday to spend a week-end vacation at Avalon, N. J.

* * *

MR. AND MRS. EDWARD HOFFMAN, 325 Mount Vernon avenue, left the past Friday to spend the weekend with their daughter, Betsy, who is spending some time at the Pine Forrest camp in Greeley, Pa.

Mr. and Mrs. Leon Prince, Saybrooke Park, journeyed along with them to visit their son, Bruce and daughter, Marilyn, who are also staying at the Pine Forrest camp in Greeley, Pa.

* * *

MR. AND MRS. JACK HOFFMAN, 345 Rosedale drive, left this past Friday for a two week vacation, touring some of the New England states.

They will stay two days with their son, Mathew, who is staying at the Pine Forrest camp in Greeley, Pa., before starting their tour. Sunday they will leave camp and go through the Catskill Mountains to the "Berkshire Festival" in Tanglewood, Mass. This musical affair is held every year by the Boston Symphony orchestra, starting on July 22 for six weeks." It is a wonderful thing to see," the Hoffmans said.

Leaving Tanglewood, Mass., they will journey to Springfield, Mass., to visit friends for a few days. They will then proceed to visit the Old Sturbridge Village, described as a "functioning community" as well as a museum. Most of the houses there were removed from the New England villages. This village is found near Southbridge, Mass.

Their tour will finish at Lake Tarleton club in New Hampshire and they will return home by way of New York City.

Elizabeth Giaquinto, David Zubko to Wed In Royersford Rites

The marriage of Elizabeth Giaquinto and David W. Zubko will take place Saturday in Sacred Heart Roman Catholic church, Royersford, with the Rev. Francis J. Dreger, rector, officiating.

Miss Giaquinto, daughter of Mr. and Mrs. Pietro Giaquinto, 234 North Third avenue, Royersford, and Mr. Zubko will exchange their vows in the presence of members of the family and close friends.

Mr. Zubko is a son of Mrs. Amelia Stanley, Township line road, Royersford RD 1, and the late Larry B. Zubko.

The bride will be attended by her sister-in-law, Mrs. Allen Giaquinto, as matron of honor. Her bridesmaid will be Mrs. Charles Parsons of Los Angeles, Calif., an aunt of the prospective bridegroom.

Gerald B. Wade will attend his cousin as best man. His usher will be Allen Giaquinto, a brother of the bride-to-be.

Approximately 75 guests will be received after the ceremony, at the home of the bride's parents, where the couple will reside until their home in Sanatoga is completed.

COFFEE CAKE TOPS

Good topping for a baking-powder coffee cake: Mix a third cup of brown sugar with a couple of tablespoons of flour and a quarter cup of soft butter. Add a third cup of chopped nutmeats such as pecans or walnuts. Sprinkle the topping over batter to be baked in an eight-inch square pan.

Games and Prizes Highlight Annual Garber Family Reunion

Ninety persons attended the fifth annual Garber family reunion Sunday at Garber's grove, near Worman. A session of games furnished the afternoon's entertainment. Games and prize winners are as follows:

Lollypop race, Stephanie Arnold; ball throw, Samuel Bechtel and Russell Garber Jr.; clothes pin drop, Diana Garber; peanut scramble, Samuel Bechtel.

Penny scramble, Rose Marie Angstadt and Nancy Lou Nester; shoe kick, Judy Benfield; bean bag, Carl Bechtel; hop race, Judy Benfield and Barry Boyer; shoe pile, Cynthia Garber; egg toss, George Hafer and Nancy Hafer; flour game, Martha Arnold; elastic race, girl's team.

Tie and hat game, boys team; paper bag face, Marline Levengood; orange race, girl's team; guessing game, girl's team; nail driving, Samuel S. Garber and Mary Griesemer; quoits, John Angstadt and Don Mitch; Edward Arnold and Russell Miller; Russell Garber and Russell Miller.

Shirley Benfield, Joan Miller and Marion Bahr were in charge of games. Miss Benfield acted as chairman.

Cynthia Lou Garber was honored as the youngest member of the Garber family in attendance.

During a business session it was decided that the present officers would remain in office for the coming year. They are: president, Samuel S. Garber; secretary, Claude S. Garber; treasurer, Edwin S. Garber.

President, Samuel Garber appointed Marion Bahr as chairman of the entertainment committee; with Ethel Angstadt and Dorothy Hartline as her assistants.

Historian, Martha Hirata, reported one addition to the family in the past year, a son born to Mr. and Mrs. Samuel Garber Jr.

Alyce Mitch will serve as historian for the new year.

WED IN ELKTON—Mr. and Mrs. Russell Laverne Heydt are pictured after their recent marriage in Elkton, Md. The Rev. Walter Schaffer officiated at the double ring ceremony in his home. Mrs. Heydt is the former Marion Jordan, daughter of Mr. and Mrs. Frank Jordan, Bechtelsville RD 1. Mr. Heydt is a son of Mr. and Mrs. Elmer Heydt, Bechtelsville. The couple is residing with the bride's parents.

Leah Joan Moyer Is Bride of Harry Kulp In Sassamansville Reformed Church

In the presence of their families, Leah Joan Moyer became the bride of Harry E. Kulp recently. The double ring ceremony was performed in the Sassamansville Reformed church by the Rev. Vernon Stoop, pastor.

The bride is a daughter of Mrs. Edna Moyer of New Berlinville. Mr. and Mrs. Harry Kulp, Perkiomenville, are parents of the bridegroom.

A waltz length gown of white nylon and net was choice of the bride. Her short veil was draped to a rhinestone headdress. She carried a hand bouquet of pink and white carnations.

Sister of the bridegroom, Eleanore Kulp, attended as maid-of-honor, in a waltz dress of rose organdie. Her flowers were also pink and white carnations.

Serving as best man was Linwood Moyer, brother of the bride.

Following the ceremony 70 persons attended a reception on the lawn of the bridegroom's parents home.

Mrs. Kulp, mother of the bridegroom, received in a pink, blue and gray silk print dress. White accessories completed her outfit.

Mother of the bride received with her in a dress of green nylon print and black accessories. Both mothers wore corsages of pink and white carnations.

The newly-married couple will reside at the Perkiomenville RD home of the bridegroom's parents.

SOFTEN FROSTING

Your boiled frosting too stiff to spread? Beat in boiling water, a very little at a time, until the frosting is soft enough to top a cake nicely.

Store the candles you are going to use on a party table in the refrigerator overnight. This cold treatment may help to prevent excessive dripping.

Area College Students Make Hay - and Pin Money - While Sun Shines

In just under six weeks there will be a mass exodus of young men and women back to school. They will leave by bus, train, car, and a few even by utilizing that good old standby, the almighty thumb.

But until that day area college students are making hay (and pin money) while the sun shines. A few, however, are taking advantage—if that's the proper word during the present heat wave—of the Summer for a bit of relaxation and "letting down" after a long year of studies.

Georgann Jacobs' idea of relaxing is to spend her two-week Summer vacation on the go. Right now she's in Niagara Falls, and next week will be in Boston.

Georgann, daughter of Mr. and Mrs. George N. Jacobs, 649 Summit lane, is in her second year at Jefferson hospital School of Nursing, Philadelphia, so she must encompass all her Summer activities within the space of 16 days between school sessions.

On Monday Georgann departed for Niagara Falls and Canada with her fiance David Miller, and his parents, Mr. and Mrs. Frank Miller. This trip was a sort of engagement present for the couple, whose betrothal was announced less than a month ago.

GEORGEANN JACOBS

David and his fiance have little opportunity to see each other, with Georgann at classes and on hospital duty all week, and David

ROBERT ERB

teaching at Norristown Music center. He is a graduate of West Chester State Teachers college with the class of 1954.

When the group returns on Friday, Georgann will spend a quiet weekend with the family, then off again Monday for Boston, Mass., where she will visit relatives.

Finally, a travel-weary Georgann will return to Jefferson to resume studies, and take up her extra-curricular activities with the school student council and glee club.

Another Jacobs offspring, George Jr. also is home for the Summer, and using his free time at odd jobs and relaxing.

Seventeen-year-old George is a student at Williamson Trade school, Media, where he's studying interior and exterior decorating although, according to his mother, "George hasn't thought ahead to college yet — he's only gotten as far as the Army, which will come after graduation."

George will begin his second year at Williamson in September, and will graduate in 1957.

For Robert Erb, Summer is a time to store up energy for his ambitious scholastic and social schedule this Fall at Albright college, Reading.

A son of Mr. and Mrs. Curtis E. Erb, Bechtelsville, Bob will undertake, in addition to his regular pre-med scholastic load, three organizational presidencies and two vice-presidencies.

The Albright Senior will head the school German club, Skull and Bones Biology club and Delta Phi Alpha honorary German fraternity. He will serve as vice-president for his fraternity, Alpha Pi Omega, and the Interfraternity council.

When not fulfilling his civic duties, or taking part in the social activties at the fraternity house, where he lives, Bob will be hard at work on his studies, preparatory to entering, "with luck and good grades," Hahnemann hospital for his medical training.

In the meantime, "just to

PAUL STOFKO

give my muscles a workout for a change," he explains, Bob is working as a laborer at Bethlehem Steel company.

And when not there he usually can be found guarding first base for the Bechtelsville Giants baseball team. His team, he announces proudly is in first place in the Boyertown Suburban league, and holds down fourth place in the Berks Recreation league.

University of Pennsylvanian business administration major Paul Stofko is spending his Summer in idleness, but very unwillingly.

At the beginning of the Summer he worked, but because of a severe back injury—a re-occurance of a high school football injury, he had to stop working.

So now Paul, son of Mr. and Mrs. Michael Stofko, 211 North Keim street, is spending his free time "cadging dinners" at brother Gene's house and studying.

The studying is for school final exams, which he missed. During the regular exam period at Penn, Paul was in the hospital undergoing further treatment for his back. Paul will begin his junior year in September.

Almost all sports are out for Paul, who during high school and his freshman year at Penn was one of the schools' outstanding athletes.

Even his golf is curtailed, and football, of course, is completely out. This is especially hard on handsome Paul, who was on the Penn freshman team in 1953.

But with studies and his pledge activities at Phi Gam fratenity Paul figures on no time wasted this Fall and Winter.

Now here's almost everyone's idea of the perfect way to spend a Summer—cruising to Spain, England and Cuba in the company of a group your own age, all with the same interests.

Lucky Frank Burgess is enjoying this ideal vacation—in the company of 1300 college men and 1700 Annapolis men. His group left aboard the light cruiser Northampton June 6, and docked at Norfolk, Va., Tuesday.

FRANK BURGESS

Frank is attending the University of North Carolina at Chapel Hill on a Naval scholarship, and this cruise is part of his NROTC training..

A son of Mr. and Mrs. E. T. Burgess, 225 Prospect street, Frank will be commissioned in the Navy after graduation, in 1958.

Right now Frank is regaling a Richmond, Va., aunt with tales of his travels, but his parents report that he will be back in Pottstown in a few days for a period of "doing absolutely nothing until school starts."

At school Frank, a member of Chi Psi fraternity, lives at the fraternity house and manages to divide his life between classes, NROTC training and the famed North Carolina social life.

Going Off to College Soon? Start Right With Luggage

One "wardrobe" purchase which should not be put off until last is luggage for the boy or girl going away to school.

Since few other items will be used as long, or add more prestige, suitcases should be selected with these general questions in mind:

1—Is the luggage fashion right?

It's important that suitcases be as modern and smart as the clothes packed in them. Bright and gay colors in the new materials and finishes are scuff-proof, eye-catching and distinctive.

2—Is the luggage sturdy?

Four years of back-and-forth travel plus many weekend trips will subject the suitcases to hard use. Check for reinforced corners, securely anchored handles, good quality hardware and tough coverings.

3—Does the selection suit the travel habits of the student?

If all traveling will be by car, a different type of suitcase might be chosen; a zipper bag is ideal for sports equipment; a train box or fitted cosmetic case will be handy on trips of any length.

The basic pieces for a girl should consist of three: a case for cosmetics; an overnight or weekend bag, and a pullman or wardrobe case. A boy needs at least a two-suiter plus matching companion or club bag.

Flat packing trunks have proved ideal for sending items ahead to await the student's arrival, such as room accessories, books, heavy clothing, etc.

If clothing will be sent home for laundering, one very important necessity is the laundry mailing case in either fiber or aluminum—it telescopes to accommodate various amounts of garments, and meets post office specifications for parcel post mailing.

Box Luncheon Scheduled For Pottstown Garden Club

Members of the Pottstown Garden club will meet at the Rosenberry road home of Mrs. William Achatz, Friday, for a box luncheon and outdoor meeting.

There will not be a speaker at this session of the group, which is scheduled for 12:30 p. m., Mrs. Frank D. Fredericks, publicity chairman, reported last night.

Arrangements for the day are as follows: class one, marigolds in a low cup and saucer; class two, a miniature, three inches over all, on a tray not exceeding seven inches.

Horticulture specimen classes are: class one, petunias, selection of five blooms; class two, zinnias, three or six blooms of any variety.

Leftover cooked vegetables may be diced fine and added to a cheese omelet for a luncheon dish. To gild the lily, serve with tomato sauce.

Naomi Ann Dise Honored With Party On Sixteenth Birthday

Mr. and Mrs. Harvey Dise entertained the past Sunday afternoon in honor of their daughter, Naomi Ann, on the occasion of her sixteenth birthday.

Scene of the affair was their Harmonyville home, Pottstown Star Route. Swimming and games on the lawn were indulged in by the younger guests. Refreshments were served indoors.

Green and pink was color theme for the buffet table. There were two birthday cakes, one of which was topped with 16 pink candles.

Guests were: Grace Schrumpf; Mrs. Estie Waite; Mrs. Nickolas Theis and her children, Tommy, Linda and Donna; Mr. and Mrs. Walter Scull and daughter, Marthann; Mr. and Mrs. Lewis Murray; Mr. and Mrs. William Ruchinski and son, John.

Markley Conver; Mr. and Mrs. Laadan Cressman and granddaughters, Terry and Cheryl Mathews; Mr. and Mrs. Richard Hancotte and children, Ricky Dennis and Susan.

Warwick PTA Plans Annual Country Fair For September 17

Plans for the Warwick school Parent-Teacher association "Country Fair" are fast approaching completion. Committee chairmen met with members of the PTA executive committee Tuesday night, at the Pughtown home of the president, Mrs. Nelson Clarke, to continue discussion of the annual event.

Competitive exhibits, of all kinds for children and adults, are being arranged for the "Fair" which will take place on the school grounds, Saturday, Sept. 17, in the afternoon and evening.

General chairman of the affair is Mrs. Miriam Kolle. Final committee appointments will be made at a meeting Tuesday, Aug. 30, at Mrs. Clark's home.

A regular meeting of the executive committee is scheduled for Tuesday, Aug. 9, at the home of Mr. and Mrs. Carryl Stauffer, Birchrunville road.

Picnic on Sept. 11 Planned By Auxiliary of Eagles

Plans for a September picnic for members were made Tuesday night at a meeting of the Ladies' auxiliary of Eagles' Home association, in the lodge hall.

Mrs. Kenneth Davis, president, conducted the meeting, during which the group voted to have the picnic on Sept. 11. In charge of tickets are: Mrs. Marian DeLong, Mrs. Maurice Sell, Verna Groff, Mrs. Raymond Erb and Albert Belagh.

Reports were presented by the secretary, Mrs. Augustus Krause; treasurer, Mrs. Stanley Bingham; Mrs. Sell, Mrs. DeLong and Mrs. Robert Fillman.

A social hour followed the business session, and a prize was awarded to Miss Groff.

Three Girls Take Steps On Collegiate Threshold

Three local lassies who have been working during the Summer months at a distance from home are expecting to be initiated into a collegiate air this Fall.

Barbara Craig, daughter of Mr. and Mrs. Hugh W. Craig, 370 North York street, is spending the Summer acting in capacity of counselor at camp Bil-O-Wood.

The camp is located near Blind river, Ontario, Canada. This marks the fourth year that Barbara attended camp there, but is her first year as counselor.

She left for Canada, June 29, boarding a plane at Philadelphia International airport. She will return to Pottstown, Aug. 26.

Barbara was graduated from Pottstown High school with the class of 1955. This Fall she expects to attend Goldy Beacum Business college at Wilmington, Del.

Bette Lou Moyer and Joan Lucas are expected to return home Sunday after spending two months at Ocean City, N. J., where they were employed as waitresses at a restaurant on the boardwalk.

Friday, Aug. 26, they will return to Ocean City, N. J., to attend the "Life Guard's Ball" at Municipal pier.

Bette Lou, daughter of Mr. and Mrs. Myron L. Moyer, Hanover and East Main streets, South Pottstown, will attend Peirce Business school in Philadelphia at "back to school time."

Joan, daughter of Mr. and Mrs. Edward Lucas, 228 South Hanover street, South Pottstown, is looking forward to studying music at Pennsylvania State university when school begins.

FOR OUTDOOR COOKS

Outdoor cooking stunt: Scrub potatoes well and wrap them in aluminum foil. Bury in hot ashes and let them stay there about an hour if you've chosen medium-sized to large potatoes. Serve with butter or margarine, salt, freshly-ground pepper and cream-style cottage cheese to which minced parsley has been added.

TANGY CAKE FILLING

Use canned pineapple filling to spread between layers of white cake (plain, angelfood or sponge). Follow the directions on the can for preparing the filling but add finely diced syrup-preserved ginger (to taste) after you have prepared it. The ginger tastes best when it is not heated but added last in this way.

Friends Host Shower For Dorothy Schwenk To Wed Saturday

Dorothy Schwenk, 853 South street, was honored at a surprise bridal shower Tuesday in honor of her forthcoming marriage to John Montz.

The couple will exchange vows in Christ Union Evangelical Reformed church, McKeansburg, Saturday. Miss Schwenk is a daughter of Cryus Schwenk, of McKeansburg. Her fiance is a son of Mrs. Eva Montz, of Reading.

Jennie Koss and Clara Koss served as hostesses to the affair in their apartment at 853 South street.

At two-tier cake decorated in colors of blue and white centered the freshment table.

Guests present were: Dotty Kimont, Edith Powell, Marilyn Jean Powell, Louise Ann Powell, Edna Koss, Mrs. Stephen Mack and daughter, Dorothy; Twila Stauffer, Bernie Ondik, Annabelle Petzer, Penny Arndt, Eleanore Powell, Helen Grace and Betty Houck.

Absentee gifts were sent by: Eva Williams, Pauline Smock, Mazie Stonesifer and Betty Christman.

SANDWICH FILLINGS

Season grated cheddar cheese with tomato catchup and finely grated onion; moisten with mayonnaise. Use as a sandwich filling. Chopped pimiento-stuffed olives may be added to the mixture if desired. Another good sandwich mixture is made of mashed canned sardines to which lemon juice, pickle relish and minced parsley have been added.

Seasholtz Clan Set For Annual Reunion

Descendents of Frank and Catherine Seasholtz will meet at Swamp Picnic grove in New Hanover township, Sunday, August 14 for the annual Seasholtz family reunion.

A baseball game is scheduled for the afternoon. Other games with prizes will be furnished for children and adults during the afternoon's activities.

A picnic dinner will be served at 12:30 p. m. and supper at 5:30 p. m.

John Hilbert Sr. is in charge of arrangements.

SPICED PRUNES

Ever serve spicy prunes with cold meats? Delicious with ham and smoked tongue! Just cook the prunes with stick cinnamon, whole cloves and thinly sliced lemon slices. Add sugar to taste and refrigerate overnight to allow flavors to develop.

Joan Darlene Grant, Fred Knepp Wedding Revealed by Parents

Mr. and Mrs. Melvin Grant Jr., Greshville, announce the marriage of their daughter, Joan Darlene, to Fred Knepp in Annolia Methodist church, Tawson, Md.

Mr. Knepp is a son of Mrs. Mary Knepp of Gilbertsville, and the late Claude Knepp.

The Rev. Elsworth Bunyan, pastor, officiated at the couple's ceremony, performed in the presence of the immediate families.

Mr. and Mrs. Harry Martin of Obelisk attended the couple.

The bride attended Boyertown High school and was employed at Campbell and Helmich company, Boyertown, until her marriage.

Mr. Knepp also attended Boyertown High school and is engaged in farming in Obelisk, where the couple is residing.

HOT DRESSING

Mix half a cup of mayonnaise with three tablespoons prepared Bahama-type mustard and a tablespoon of prepared horseradish; serve with ham loaf.

GOURMET TOUCH

Ever marinate ripe olives in garlic-flavored French dressing? After draining the olives, before serving, the dressing may be used in a salad.

Rod Cannell and Bobby Weiser split the pitching chores for First Baptist last night, combining their talents to shutout St. Peter's, 11-0, in the Sunday School league.

The winners, holding a one game lead at the top of the standings, packed all their scoring into the first four innings making the most of their few hits plus a steady stream of walks issued by Dale Neiman and Charlie Evans.

Bill Kerr, First Baptist leadoff man, was safe on an error to open the game. He was sacrificed to second by Bob Kurtz, Weiser was safe on a fielder's choice and both runners scored on a single by Bob Cannell. He scored on a wild pitch.

* * *

IN THE SECOND with one out, Kerr and Kurtz drew walks and Weiser was hit by a pitcher. Bob Cannell upped his RBI total to five when he cleared the bases with a double to left. Hen Korch's single plated Cannell.

It was Kerr again in the third who started a three-run rally with another walk. Kurtz reached base on an error and Weiser was safe on a fielder's choice. Cannell and Ken Shellenberger both walked forcing two runs in and Weiser scored on Korch's sacrifice fly.

Wilson Bedell's triple and Kerr's fly accounted for the winners' final run in the fourth.

URW 336 came from behind with five big runs in the seventh to beat the Stowe Lions, 8-7, in a feverish Junior league game at Memorial park last night.

Jim Turner started things off in the seventh with a single to right. George Stranick followed with a walk. Joe Koons was hit by a pitched ball which loaded the bases with workers.

Ken West gained a walk to force a run in.

Timely base hits by Tom Eker, Ralph Moyer, Len Brille, and a walk issued to Mike Shade brought in the other runs.

Both teams scored in the first inning with Stowe's run coming when Ken Skellick scored on an infield grounder by Tony DiNicco. URW's run came off the bat of Moyer, who homered. Earl Goodolf had a homer for Stowe.

City Softball Pilots To Hold Meeting

Managers of the City Softball league will meet at Franklin field annex immediately after tonight's game between GI Raiders and Diamond Glass.

Preparations for the playoffs will be made and an all-star game will be arranged.

In case of rain the meeting will be held in the Recreation commission office at 730 o'clock tonight.

Linfield Lions to Play Junior Loop All-Stars

The Junior league managers met last night and decided to permit Linfield Lions to play the league All-Stars in a benefit game. No date was set but the game will probably be played before the league playoffs begin in two weeks.

Knee-Hi Skipper Sketches

CLARENCE KOONS — JIM EGOLF — DON GRIESEMER

. . . Managers of Orioles Knee-Hi team

(This is the first in a series of eight articles about the managers and coaches of the Knee-Hi league. These are the men who spend their evenings developing Pottstown's young baseball talent.)

New blood generally is good for any organization and the addition of the Orioles first-year coaching staff affords the Knee-Hi league with three more men of the caliber needed to keep baseball for boys in Pottstown on a high level.

Don Griesemer, Jim Egolf and Clarence "Jake" Koons are combining their talents and experience to develop Oriole players.

Youngest of the trio and manager of the team is Griesemer, former Pottstown High gridder and swimmer. He decided to run the team when Koons and Egolf were lined up as coaches.

Don is greatly impressed with the league and hopes to have even more time to devote to his players next year.

"We have a young team but I think we'll come along to win a few more before the season ends," Griesemer reports.

This is his first attempt at coaching boys and like most of his players, he is learning the ropes gradually.

* * *

MOST EXPERIENCED of the three is Egolf whose baseball background spans more than a score of years. This veteran catcher played semi-pro ball with East Greenville in the East Penn league and with Bowers Battery of the Reading City league.

"I guess I played with most of the independant teams in Pottstown at one time or another," Jim said as he looked back over his colorful career.

After catching for Doehler in the City Industrial league for several seasons, he managed the club to a CIL championship in 1947 and it was runnerup in the playoffs finals the following year under his leadership.

One of Jim's prime interests is to keep close tabs on his two sons, Jimmy, 10, and Larry, 8, both on the Orioles squad. Jimmy is following in Dad's footsteps behind the plate while young Larry is undergoing his preliminary training.

The parental element also has a bearing on Koons' connection with Knee-Hi baseball. Jake watched his son play with the Elks team several seasons ago.

* * *

KOONS DATES his baseball back to 1929 with Pottstown High. Later he played both baseball and football with teams in the East End.

Like his partners, this is his first year of working with Knee-Hi boys.

The combination apparently is jelling, judging from last night's upset win over the Optimists.

The Orioles overcame a six-run lead and went on to beat the Optimists, 10-8, in a Knee-Hi league game last night at Memorial park.

The Birds scored their runs in the last three innings, climaxing the splurge with five big runs in the sixth.

Tom Jones opened the inning with a single. He then stoled second and third and scored on Tony Catanzaro's hit.

The next batter, Ernie Kappenstine, drew a walk. Catanzaro scored on a sacrifice fly by Jim Egolf.

The next three runs were driven in on hits by George Kulp, Jerry Peterman and winning pitcher Terry Gibbons.

The Optimists scored their first run in the second inning on a home run by Jack Koury. Their final run came in the last inning when Pete Millard drove in Harry Christman, who had previously singled and then stole two bases.

PLENTY FOR ALL—Eight members of a fishing party that caught 1500 pounds of fish in the Atlantic Tuesday peer proudly at the 200-pound Mako shark caught by Jack O'Brien, extreme right. Jack O'Brien Catches Mako Shark; Party Hauls in 1500 Pounds of Fish

He'll probably be known as "Sharky" from now on at the Goodwill Fire company.

That's the nickname Jack O'Brien, 1336 High street, acquired after catching a 200-pound Mako shark Tuesday on a deep sea fishing trip in the Atlantic ocean.

A group of fishermen from the fire company and some friends spent the day boating off Breille, N. J., and reeled in 1500 pounds of fish, including the five-foot shark.

They were about 50 miles out when O'Brien hooked the dangerous Mako. He played the fish for a half hour, gradually drawing it nearer to the boat with the help of the captain, Howard Myers.

* * *

O'BRIEN TRIED to kill the shark by jamming it with a hook before bringing it into the boat. But this angry battler refused to give up and once in the boat sent the fishermen scurrying as it flopped around snapping its teeth at everything it touched.

The shark was finally repelled by Myers who rode it like a horse while stabbing it with a knife several times.

Frank Hartenstine, the caterer, is freezing the shark and it will be cut into steaks and distributed among the 13 members of the party.

It was a prosperous day for everybody. The bluefish were biting almost as fast as the sportsmen could drop their lines. The big ones weighed about 12 pounds and measured close to two feet.

O'Brien was the central figure of another interesting incident. As he was reeling in a fish, his pants began slipping. It was an all-male party so the fish came first.

The job of cleaning the fish and distributing them to friends fell to the wives of the fisherman. None would accept the shark's head as a trophy, however, and it is now buried behind Nagle's garage where the party brought the fish.

THE MEN were somewhat put out that the shark should come to such an obscure ending.

Others on the trip were Ken Fleischmann, 726 High street; Harry Boyer, 1412 Cherry lane; Bill Simonitis, 1252 Cherry street; Donald Davis, 358 Hanover street.

Also, Andrew Byndas, Linfield; Bob Hartenstine, 150 Walnut street; Joe Noblitt, Pottstown RD 4; Bob Roth, Pottstown RD 1; Jack Snyder, West High street; Paul Harp, Layfield road; Charlie Dinino, 971 North Hills boulevard; Joe Bell, 228 High street.

Mrs. Freed Wins Golf Competition

Thirty-two ladies took part in the golfing competition yesterday as Brookside Country club women entertained the ladies of Spring Ford Country club.

Winner of low gross was Spring Ford's Mrs. Russell Freed with an 84. Mrs. William Beaver had low gross for Brookside with 86

Mrs. Frank Becker, of Spring Ford, charted the low gross for her team, 76, and Mrs. Beaver and Mrs. Richard Haury tied for Brookside's low net honors with 70s.

Winner of the putting competition was Spring Ford's Mrs. Lawrence Rath with 29, one less than the total of Mrs. Carl Binder, Brookside.

The kicker's tourney was won by Mrs. Lee Woodling, SF, with a 72, and Mrs. Ralph Levitz, of Brookside, placed first in the nine-hole competition.

Sandoe's Homer Earns USWA Tie With 'Fords

Bobby Sandoe's two-run homer in the top of the last inning gave USWA 2326 a 4-4 tie with Royersford AA at Spring-Ford High last night.

Going into the final frame of the six-inning game the Workers were trailing, 4-2. After Hunter Mathews reached base when Les Greenawalt dropped a third strike, Sandoe pulled a long drive to left for his four-master.

In the third inning, Royersford's Herb Carl snapped a 2-2 tie with a home run blast. The home club added another run in the fourth but Sandoe's belt neutralized the score.

Worker coach Pat Sundstrom used 17 players with Dick Miller and Dale Kirby doing the pitching. Paul Neborak went the distance for Royersford, registering eight strikeouts and walking none. Miller had nine strikeoute and Kirby two.

Tomorrow night USWA will play an exhibition game with Boyertown Legion on Memorial field No. 3.

The Workers will play the Pottstown Old Timers Sunday afternoon at Memorial park.

All-Stars Prepare For 16th Program At Sanatoga Oval

Their machinery retooled during a two-week layoff, upwards of 40 All Stars Stock Car Racing Club drivers will return to Sanatoga Speedway Saturday night at 8:30 o'clock for another seven-event installment of sportsman stock car competition.

It will be the 16th stock car meet of the season at the fifth-mile, asphalt track near Pottstown. Because competition has been uncommonly brisk and fields larger than ever, the past 15 meets have produced 12 different feature event winners. As a result, the 1955 ASCRC point race at the track is tighter than ever as the season moves into its final two months.

Warren Mutter, Boyertown; George Sleight, Easton, and Buck Grandy, Pottstown, have been the only drivers able to win twice in 30-lap feature spins. None, however, are currently in challenging roles for the season's championship.

Instead, Reading's Reds Lesher, who has yet to notch his first main event victory, leads the point race with some room to spare. Others high on the list are Norman Kidd, Bridgeport; Bob Levengood, Monk Kellar and Charley Kelly, Pottstown; Jim Ryan, another Pottstonian who has yet to score in a feature; Bill Ellis, Boyertown, and Don Allison, the defending titlist from Norristown.

* * *

ALL OF THEM will be driving to pad their point totals Saturday night when the green flag falls on the first of three heat races. Two semi-finals and a consolation run will help thin out the field to 16 cars for the 30-lap main event, worth 50 points to the winner.

If custom holds up, competitors can be expected to unwind one of their crispest driving displays of the year. Layoffs generally generate an increase in competitive zeal.

Seisholtzville Scores 6-4 Win

Seisholtzville gained fourth place in the Mont-Berks softball league by defeating Sassamanville, 6-4, last night in a league game at the loser's grounds.

Dick Hilbert hit a two-run triple in the fifth inning to break a four-four tie, which later decided the game.

Monday the semi-finals begin with Seisholtzville playing the Eagle AA, and Landis Store opposing the Palm Pontiacs.

Ez' Heavy Bombs Fail to Hurt

Tommy Jackson Swarms Over Charles for Decision

SYRACUSE, N. Y., Aug. 3 (AP)—Tommy (Hurricane) Jackson, a tireless dancing man, swarmed over Ezzard Charles tonight and shook off the former champion's heavy bombs to win a unanimous decision in a fiercely-fought 10-round match at War Memorial auditorium. Charles weighed 191½, Jackson 191¾.

The perpetual motion kid from New York jigged in his corner, did knee bends and calisthenics and shuffled "off to Buffalo" while Charles plodded on, looking for the one punch that might end it.

Although the 34-year-old Charles hit Jackson with everything he had, landed cleanly on the chin with his right and dug the left to the body, he never could bring him down.

Instead of dropping, The Hurricane Man fade back for a second and then resume his constant flicking jab. In the final round they really went at it, Charles shooting the works with every punch he threw.

But, at the end, while they were waiting for the decision, The Hurricane was dancing around, shadow boxing in his red, white and blue robe and looking as mad as a wet hen because he couldn't fight 15 or 20 more rounds.

Referee Ruby Goldstein scored it 6-4, Judge Dick Fazio had it 8-2 and Judge Ted Shiels 6-2-2 all for Jackson. The AP card was for Jackson, 6-4.

Charles started out as though he were going to deflate The Hurricane as quickly as Nino Waldes had done a year ago. He handled Jackson with the greatest of ease in the first, spinning him with a right to the chin nad hooking to the body.

In the second Jackson stepped up the pace a bit but he still was catching heavy punishment. Two hooks by Ezzy and a right to the chin made Jackson move back but he soon was strutting around the ring, flicking with that annoying left. Late in the second a Charles rush left Jackson draped across the ropes on his stomach. Of course, it was ruled no knockdown by Goldstein.

In the third a solid right to the chin by Charles seemed to hurt Jackson who sagged as he backed off. Soon he was doing that jig again.

The Hurricane unloosened his bolo, actually a harmless punch but an eye-catcher, in the fourth. Soon he had Charles retreating and blinking his eyes from the smarting jabs. It seemed Charles was biding his time, waiting for the one big chance to end it all. When the chance came, in the ninth and tenth, he didn't have the power to put over a convincer.

FROM THE FOURTH on, the Hurricane took over, sometimes crouching low to throw a bolo but usually standing up straight to stick that jab into Charles' face.

Apparently sensing he was in serious danger of losing, Charles threw everything in a fine ninth round rally after he had lost his mouthpiece in mid ring. The Hurricane rode out the storm and came back swinging. Ringsiders were unable to recall a single clinch.

The odds had made Charles a 2 to 1 favorite although the latest ratings had Jackson No. 3 among the contenders and Charles, veteran of 105 pro fights, was No. 6.

It was Jackson's 23rd victory in 27 pro starts with three defeats and one draw.

Pirates Edge Cubs In Opener, 3-2, But Lose Nightcap, 5-4

CHICAGO, Aug. 3 (AP)—The Chicago Cubs and the Pittsburgh Pirates split a pair of one-run thriller baseball games today.

The Pirates took a 3-2 decision in the opener on Jerry Lynch's pinch two-base hit with two mates aboard.

Chicago won the nightcap 5-4 on catcher Harry Chiti's two-out single in the 12th inning.

This was the Cubs' 11th split in 19 doubleheaders this season.

Vern Law, the last of three Pittsburgh pitchers, drew the second-game loss.

The Cubs fashioned the winning spurt on Jim King's second double among four hits. Randy Jackson was purposely passed before Frank Thomas made a fine running catch of Eddie Miksis' long liner.

McCall Weathers Virdon's 2 Homers; Giants Top Cards

ST. LOUIS, Aug. 3 (AP) — Lefty John (Windy) McCall weathered two home runs by Bill Virdon tonight to pitch the New York Giants to their fourth straight victory and hand the St. Louis Cardinals a sixth succesive setback, 5-3.

McCall, who has gained three of five 1955 triumphs at the Redbirds' expense, yielded seven hits, but did not walk a batter and would have had a shutout except for three runs driven in on Virdon's 13th and 14th homers of the season.

Tigers Move Up On Lary's 2-Hitter

WASHINGTON, Aug. 3 (AP)—Detroit tightened the American League pennant race tonight, defeating Washington 3-0 behind the two-hit pitching of Frank Lary, who hurled the Tigers within 6½ games of pace-setting Chicago.

Roy Sievers singled to start the Senators' second inning and their last hit was obtained when Ed FitzGerald singled to open the bottom of the third.

House OK's New Boxing Code

HARRISBURG Aug. 3 (AP)—The House today passed with only one dissenting vote Gov. Leader's proposed new State boxing code designed to bring "honest—not fixed boxing" to Pennsylvania.

Rep. Paige Varner (R-Clarion) cast the lone vote against the measure which was sent to the Senate by a vote of 186-1.

The measure, a multi-paged bill introduced in both Houses several weeks ago, would tighten State control over all persons affiliated with boxing and wrestling in the State.

Only 45 Representatives were in their seats when the bill was passed. However, absent members were recorded by agreement as is the custom in considering non-controversial legislation.

The similar measure introduced in the Senate remains in committee.

Gov. Leader ordered the new code drawn up after a Philadelphia bout between Julio Mederos and Harold Johnson in which the State Athletic commission found the latter was drugged.

Leader ordered a 90-day suspension of all professional boxing in the State. The ban is due to expire Monday.

* * *

THE GOVERNOR said the date he will lift the ban depends on how soon the new code is adopted by both Houses and signed into law. He said the commission must have the new code to clean up the sport.

The code would grant the three-member commission, headed by James H. Crowley, "sole direction, control and jurisdiction over all amateur and professional boxing and wrestling matches held in the State."

Excluded would be those matches held by educational institutions.

A major provision of the code would require any out-of-state co-promoters to hold a State permit before staging any bouts in Pennsylvania.

Another change would permit any commissioner, upon written and verified complaint, to suspend temporarily a license or permit pending a hearing within ten days.

Other major provisions would:

Set up a nine-member Medical Advisory board to "tighten up" the physical requirements for participants in boxing and wrestling bouts.

Empowered the commission to require that boxers and wrestlers be covered by not less than $1000 or more than $10,000 insurance for medical, surgical and hospital care of injuries suffered in bouts.

Indians Tie Yankees for Second Place On Woodling's Home Run in 2-1 Win

NEW YORK, Aug. 3 (AP)—A two-run homer by ex-Yankee Gene Woodling and a superb four-hit pitching performance by Mike Garcia gave the Cleveland Indians a 2-1 victory over the New York Yankees today in their important series for second place in the American League.

The Cleveland victory knotted the series at one game each, with the decider scheduled tomorrow.

Woodling, peddled to Baltimore last November and picked up by the Indians in June of this year, hit his game-deciding smash in the fourth inning, scoring Al Smith, who walked.

With one ball on him and no strikes, Woodling picked out one of fireballer Bob Turley's fast balls and sent it into the lower right field stands. It was his fifth homer of the year. It was one of three hits off loser Turley, who was replaced by Jim Konstanty.

Garcia, in recording his eighth victory against 10 defeats, had big Yankee bats swinging futily through the first eight innings.

He was taken out in the ninth when Manager Al Lopez of the Indians juggled pitchers frantically to protect the slim lead. After Mickey Mantle opened the ninth with a single, Garcia was replaced by Don Mossi, who pitched to only one man before being succeeded in turn by Ray Narleski who struck out Eddie Robinson for the final out.

Hodges Smacks 2 Home Runs as Bums Tip Braves

MILWAUKEE, Aug. 3 (AP)—Gil Hodges smacked two mighty home runs, including the 11th grand slammer of his major league career, and drove in six runs tonight to power Brooklyn to a 9-6 win over the Milwaukee Braves and increase its National League lead to 14½ games.

The Braves rallied in the last of the ninth, scoring three runs to the roars of a crowd of 42,747—third largest of the season at County Stadium — but were squelched by reliefer Clem Labine.

Phillies Snap Slump; Tab 8 in 6th to Win

CINCINNATI, Aug. 3 (AP)—The Philadelphia Phils, who had gone through 23 1-3 innings without scoring a run against Cincinnati, burst forth for eight runs, seven of them unearned, in the sixth inning tonight and an 8-4 victory over the Redlegs. Robin Roberts chalked up his 17th triumph of the season for the Phils.

Jackie Collum seemed well on his way to another Redleg victory when Phil singles and a Cincinnati fielding collapse produced the winning runs for Philadelphia.

In that hectic sixth, Richie Ashburn rapped out two singles and Granny Hamner, Del Ennis, Eddie Waitkus and Roberts one each.

Those were combined with errors by Milt Smith, Collum and Johnny Temple plus a couple of late throws.

Until that time Collum had allowed the Phils only one hit. The Reds had picked up a couple of runs in the second on a walk and singles by Roy McMillan, Collum and Temple. They added another in the fourth as Milt Smith's single was the only hit. They were helped by an error by Bobby Morgan.

Temple's single and Wally Post's double brought in the final Cincinnati run in the seventh.

Rookie's Pinch Hit Gives Birds Win; A's Cop Nightcap

BALTIMORE, Aug. 3 (AP)—Rookie Bob Hale stepped in as a pinch hitter with two strikes against him and smashed a two-run double in the ninth inning as the Baltimore Orioles defeated Kansas City tonight 4-3 in the first game of a twi-night doubleheader.

But the Athletics came back quickly in the second game to push over three runs in the first inning and coast to a 5-1 decision behind lefty Alex Kellner's seven-hit pitching.

IT'S QUEER BUT TRUE

THE OLD HOME TOWN by STANLEY

Try and Stop Me

By BENNETT CERF

PARAMOUNT had just finished shooting a scene from one of those Biblical pictures in which ten thousand extras, dressed as Egyptians, Romans, and what not, wandered around the place, and everybody made a break for lunch at the same time. The director, pleased with his morning's work, was in an expansive mood when he entered the bar and grill across the avenue from the studio.

Noting a table-ful of extra girls, still in costume, near the door, he waved happily to them and told the bartender, "See what the gals in the Old Testament'll have!"

"Rubbing elbows," says Congressman Sam Rayburn, "with a man will reveal facets of his personality you never suspected. The same result may be achieved by rubbing fenders."

• • •

The most difficult thing to set to music, suggests Composer Harold Rome, is a boy at the piano, with his pals off to play ball outside.

Viewers Award Earl Couple $3250

Viewers awarded Robert G. and Agnes H. Gift, Earl township, $3250 damages against the Commonwealth of Pennsylvania, according to their report filed with the clerk of Quarter Sessions, Anthony Bodanza, for land taken in the relocation of Route 73.

The viewers were Edwin L. DeLong, Howard M. Livingood and Walter N. Noll. The State Highway department took .319 acres of land in the widening and relocation of the highway. The road improvement, the report states, changed the natural drainage on the Gift land.

Gift and his witnesses at the hearing estimated the damage at approximately $4000. The State experts fixed the estimated damage at $500 to $1000. William George, attorney represented the property owner. John C. Bradley, deputy attorney general, appeared for the Commonwealth of Pennsylvania.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

PLAYGROUND JACK, CHECKER CONTESTS END

Checker and jacks tournaments at the Boyertown playground have been completed and the champions have been announced by Mrs. Louise K. Nyce, playground supervisor.

Glenn Rambo, son of Mr. and Mrs. Calvin C. Rambo Jr., 117 North Monroe street, Boyertown, was named champion checker player.

Elimination and best-out-of-three games with the one remaining were the hurdles Rambo jumped.

Participants in the contest were: Carl Stauffer, Dawn Mauger, Kay Reifsnyder, Donald Mecherly, Lee Smith, Royden Eddinger, Timothy Downer, Robert Mauger, Ralph Bower and Adalbert Newbauer.

• • •

LYNN MOYER, daughter of Mr. and Mrs. Lester E. Moyer, 229 North Franklin street, Boyertown, placed first in the jack tournament. Kay Reifsnyder placed second. Lynn had a total of 206 points, Kay, a total of 165 points.

Participating in the event were: Sandra Grabert, Elaine Snyder, Judy Moyer, Karen Reifsnyder, Lois Gilbert, June Swenk, Bonita Bauer, Dawn Mauger and Sheila Brookstein.

Robert Schanely placed second in the county marble tournament.

Aug. 8 to 15 all playground craft projects will be on display in a Boyertown department store show window. The crafts program was under the direction of Lorraine Conrad, a Junior at Kutztown State Teachers college.

Projects will include work on gimp, leather, paper craft, crepe paper work, raffia baskets and others.

Children may claim their craft projects at the playground on Aug. 16 to Aug. 19.

Local Banker Outlines Assistance Received by Farmers Through Loans

"Pennsylvania farmers met their credit needs during 1954 chiefly by loans from their local banks," according to Frank S. Conrad, cashier of the Farmers National Bank and Trust company of Boyertown, who represents the Pennsylvania Bankers association as Berks county bank representative. Pennsylvania banks remained the largest lenders to the farmers than any other lending agency, he noted.

Quoting from the 14th annual farm lending survey of the Agricultural commission of the American Bankers association, Conrad states that on January 1, 1955, Pennsylvania banks had loans outstanding to farmers totaling $125,621,000 including both production and mortgage loans.

This compares with a total of $17,720,000 held by the Federal Land banks, the second largest lender to Pennsylvania farmers. In addition, Pennsylvania banks held $26,185,000 in Commodity Credit corporation loans under the government's price-support program not included in the above figures.

"Despite reduced net income and continued high production expenses on farms," Conrad said, "repayment of loans is rapid, and farm assets are at near-record levels, indicating that these factors have not weakened the financial soundness of agriculture. Bank loans play an important part in maintaining this strong financial position by permitting our farmers to make use of the latest equipment and modern production and marketing methods, resulting in greater efficiency."

* * *

OF THE total farm debt outstanding in banks in Pennsylvania on January 1, $62,956,000 was in non-real estate or production loans. This compares with $13,039,000 held by Production Credit associations and $7,527,000 held by the Farmers Home Administration.

"It can be seen from these figures that about three-quarters of the production credit used by the State's farmers in 1954 came from banks," he stated. He also pointed out that a high percentage of the $62,665,000 is in farm production and operating purposes.

Conrad reported the 743 of the 843 insured commercial banks in Pennsylvania served agriculture by making farm loans during 1954.

Spiritual Retreat Planned by Guild

"The power of prayer" will be the theme of the spiritual retreat the Women's Guild of the Church of the Good Shepherd, Evangelical and Reformed, Boyertown, has planned for this evening at the home of Mrs. C. C. Burdan, Pottstown.

The entire congregation of the church is invited. Cars will leave the church at 6 o'clock sharp.

The program is in the hands of the spiritual life committee which consists of: Mrs. Burdan, Mrs. William Keely, Mrs. Paul Landis, Mary B. Freed, Mrs. Arthyr Shearer, Mrs. Daniel Bush, chairman and Mrs. Paul Schollenberger.

Playground to Hold Play Day Today

The Boyertown playground will again be host to Play Day today.

Attending Play Day will be sections four, five and six of the county recreation division and will include Mt. Penn, Reiffton, St. Lawrence, Pennside, Stony Creek, Oley, Bally, Birdsboro, Baumstown, Gibraltar and Boyertown. Last year on Play Day a total of 236 children spent the day on the Boyertown playground. This year the Boyertown supervisors expect 300.

All Boyertown children who have registered with Mrs. Nyce are reminded to report to the playground with a bag lunch and swim suit at 9:45 this morning.

BOND ISSUE TRANSFER SET FOR TUESDAY

Settlement of the bond issue for the Boyertown Joint High school authority will be held on Tuesday at 11 a. m. in the National Bank of Boyertown.

It will be at this time that the bonding company, Butcher and Sherrerd, will present the treasurer of the authority, Chester W. Rohrbach, with a check for $2,375,000, who will in turn endorse it and present it to the bank, the trustee.

The past week officers of the authority have been signing $1000 bonds. Dividing in half the number of bonds, 2375, the chairman of the authority, Arthur Reary, and the secretary, Harvey Minninger, signed one part, while the vice chairman, Warren Sterner, delegate from Douglass township, Montgomery county, and assistant secretary, Carl Hartenstein, Swamp Independent, signed the other part.

At the same time the trust agreement will be executed. This involves books of 600 pages each but in simple language according to Minninger it means, "The authority agrees to pay the rental, and the various school districts agree to pay the rental to the authority."

The balance amounts on contracts are in the mail, and it is expected that the general contractors, Goodman and Bell, will begin excavation next week.

Chiefs Impose Ban On Rubbish Fires

A ban on all unnecessary rubbish fires was imposed last night by fire officials of the Keystone Fire company and the Friendship Hook and Ladder company, Boyertown.

Russell Dotterer and Jack Stauffer, fire chiefs of the respective companies, stated that no one will be permitted to burn rubbish, grass or other refuse and if the warning is not heeded, will be dealt with accordingly.

The chiefs cited the present weather conditions for their actions and added that the ban would remain until such time as a sufficient rain has fallen.

Barium Steel Signs Contract With Union

HARRISBURG, Aug. 3 (AP)—The district director of the United Steelworkers of America (CIO) today announced the signing of a new contract with the Barium Steel corporation to cover four plants in Pennsylvania.

George Medrick said the settlement averages a 15.2-cent-an-hour overall increase "and follows very similarly the steel pattern negotiated several weeks ago" with the nation's major producers.

Affected by the new contract, worked out in negotiations Tuesday in New York, are about 3000 employes of the Central Iron and Steel company, Harrisburg; Phoenix Iron and Steel company and the Phoenix Bridge company, both Phoenixville, and Chester Blast Furnace, incorporated, Chester.

Canal Spraying Set to Continue Today

A Super Club monoplane will spray the old Schuylkill canal with a DDT-nicotine mix in the second of four "bug bombings" conducted each Summer by the State Department of Health.

The airplane, piloted by Art Belt, Winchester, Va., will fly over the 70-mile long canal ditch at a low altitude, dealing death to mosquitoes, ticks and such.

Belt is expected to take off from Pottstown Municipal airport at 6 a. m., today on the start of his "raid."

The job, which usually requires three hours to finish, is being handled by New England helicopter service under contract to the State agency.

SEPCO —

(Continued From Page One)

at Warren, Pa. The business was moved to Pottstown in 1926, when control was acquired by the late James B. Bailey, noted locally as a Pine Forge iron master. Mr. Bailey died in 1948.

Bemis came here in 1947 when the Philadelphia industrial management firm of Day and Zimmerman was employed by Mr. Bailey to run the plant. Sepco, which in the depression of the 1930s dwindled to an employment roll of 12 persons, prospered under his guidance.

Bemis, a Yale university graduate with a bachelor of science degree in industrial management, lives in Bryn Mawr. He is married and the father of three daughters. He will be aided here by Harold T. Brooks, Pleasantview road, who will be in charge of engineering and production. Brooks is a graduate of Lehigh university.

COMBUSTION ENGINEERING is a renowned company that functions as both a holding and operating company. As a holding company it has 21 direct subsidiaries, four indirect subsidiaries. It was started in 1912. It obtained Sepco by purchase of 100 percent of Sepco stock.

Combustion Engineering operates five plants with 10,700 employes as of February 28, 1954. It has plants in Chattanoga, Tenn.; Chicago, Ill.; St. Louis, Mo.; Monongahela, and East Chicago, Ill.

In Chattanooga in three plants it manufactures boilers, burners, casings and water heaters. In Chicago it turns out grinding equipment, flash drying and incinerating equipment. Boilers, pressure valves, air heaters and tubing is made in St. Louis.

In its Pennsylvania plant at Monongahela, it manufactures foundry products, automatic stokers and fabricated tubes. In East Chicago it makes superheaters, economizers, economizer parts, pulverizers, and steam locomotive equipment.

* * *

ITS CANADIAN subsidiary owns and operates a plant at Sherbrooke, Quebec. Foreign affiliates own and operate plants at Manchester, England, Paris, and Roubaix, France.

Its main office is in New York. There, at 200 Madison avenue, it occupies seven full floors and part of three floors in a large office building located in the midtown section of the city. Sales offices also are maintained at 1 Park avenue, New York City.

It maintains sales offices in 23 United States cities. Foreign representation is maintained in 28 foreign countries.

Martens H. Isenberg, New York, is president of the corporation. He took an active, personal part in the Sepco negotiations. Joseph W. Santry, New York, former president, is chairman of the board.

A COMBUSTION Engineering financial report the first six months of 1955 to June 30, showed net sales as $71,969,235. Its net income was $2,856,527. Share earnings were computed at $2.73.

The company had outstanding capital stock of $9,684,486 at December 31, 1953. Its common stock (2,500,000 shares outstanding at par value $1), sold on the New York stock exchange yesterday at $69.

Combustion Engineering is known in Montgomery county for its boilers erected in the recently opened Cromby substation of the Philadelphia Electric company.

TROOP PULLOUT

KLAGENFURT, Austria, Aug. 3 (AP) — Britain began withdrawing troops from Austria Tuesday. Troops of the Big Four occupying powers must leave before Oct. 25.

Board Tilting Causes Wilting

Here's how the "melting" effect on the page one photograph of Louis Klug, Boyertown RD 1, was achieved:

Normally, pictures are printed on light-sensitive paper on a horizontal board by means of an overhead enlarger that beams light through the picture negative.

In this case, the board was turned to almost a vertical position. With the board tilted at that angle, only the top of the print would be in focus and the remainder of the image on the picture comes out increasingly elongated.

FIRE BAN —

(Continued From Page One)

moving cars, lest they cause a damaging fire.

* * *

THE WATER situation wasn't quite as serious, although Borough Manager Horace B. Gulden admitted the borough water system couldn't stand many more days without rain and lower temperatures.

Pumps at the Bramcote pumping station the past 24 hours managed to maintain the 16-foot level in the Stowe and Washington hill reservoirs.

Gulden has warned that any drop below 15 feet will surely mean restrictions on the use of water.

The level in the Schuylkill has dropped to 1.17 feet. The normal is 2.5 feet.

* * *

NORMAN SICKLES, Berks county fish warden, said the low water could be the indirect cause of death to many fish in the Pottstown area of the river.

He said with a normal flow of water, the fish probably wouldn't have died.

Although the river is low, it wasn't too low for a man to swim naked just off the Hanover street on the Pottstown side early yesterday morning.

The man was reported swimming naked by Mrs. Jane Reigner, 203 South Hanover street.

Detective Lewis M. Borgiet, who investigated said, "It was just a bum taking a bath in the river."

* * *

IN RED HILL and Pennsburg the ban on sprinkling has been modified.

The Red Hill water commission, which services just Red Hill consumers, and the Pennsburg Water company, which gets its water from Red Hill, now will permit the use of hose sprinkling for one hour, from 7 to 8 p. m.

All automatic sprinklers and soaker hoses are prohibited. Hoses propped on wash lines or unattended shall be classified as automatic.

A violation will result in curtailment of water and a $3 fine.

* * *

FIRESTONE workers, who were forced to leave their jobs on Tuesday when curing room employes left because of the heat, were back on the job yesterday.

There was virtually no absenteeism at the big plant.

Despite the high of 92, yesterday was not as uncomfortable as some of its torrid predecessors. And the lower humidity was the reason for the added comfort.

The mercury hung at 90 at 6 p. m. and was still on the 80 mark at midnight last night.

It will be warm and humid today and tomorrow.

The weather man was afraid to venture a guess about the weekend.

Sanatoga Grange Men Give Program

The Sanatoga Grange decided to postpone grading and erecting a retaining wall in front of their hall on Route 422 until a later date at their meeting last night.

Following the business session the men of the grange put on an original play entitled, "Ezra Tompkins."

The cast included: the title role, Luther Shutt; storekeepers, Carl Yeakel and Carl Troutman; butcher, Lewis Brant; James Miller, Kryder Rahn and Carl Renninger, newsboys.

Others in the cast included Clyde Borneman, Frank Keim, Robert Barnard, Harrison Stahl, Marvin Evans, Harry Rahn, Vernon Rapp, Howard Landis, Carl Dunmire, Ralph Shaner, Elmer Saylor, Evert Evans and Ethelbert Barnard.

Earl Hatfield, Charles S. and E. Lorraine Shupe were appointed judges to decide whether the men or women presented the best program. The women performed at the last meeting. The Judges will report back at the next week's session.

Following the meeting the 28 members present held a doggie roast, the food being provided by Lewis Brant, master, in celebration of his birthday.

IRRIGATION —

(Continued From Page One)

pipe sections which have quick coupling connections, Buckwalter said. One main line takes water to the fields and other pipes branch off from it.

The dealer said a system would cost $405 to $5000, depending on size and pumping machinery.

Laurel Locks gardens, south of Pottstown, and several farmers in the Oley valley area have installed irrigation, Buckwalter said.

Shade trees need watering too during the prolonged drouth, a member of Pottstown's shade tree commission pointed out yesterday.

* * *

"TREES NEED water as much as people," said Oliver Lewis Christman, High and Warren street. "If they don't get it they die."

He advised those who have trees to water them now if they hope to save them.

More trees die from first having been weakened by drouth and searing Summer heat than any other cause, it was pointed out.

John D. Gauger, proprietor of a West High street service station, said this is the first Summer in which he has seen the dam along the Manatawny creek south of High street go dry.

* * *

"AND THE water behind the dam is only about two feet deep compared with a normal six to 10 feet," he commented.

He added that he saw a dog walk across the Schuylkill at Keim street "without getting his belly wet."

Robert A. Powers Jr., Chester county extension agent, said milk production in the county has fallen off during the drouth.

Cows lose their appetite and fail to produce, he explained. Dairymen are turning to feeding grass silage because pastures have dried up, he added, although the silage will be needed in the Winter.

changes in each—and the same 300 names will be used in all areas."

Each area will have a code number, he said. The number for Eastern Pennsylvania will be 215.

"A few years from now you will be able to call any number in the United States by dialing the code number, the first two letters of the central office and the number," Kline said.

* * *

PENNSYLVANIA WILL be divided into three areas, and other heavily-populated states also will have several areas. In the sparsely-populated West, areas will follow state lines.

Kline said the 300 names in each area were selected for easy pronunciation and understanding. The first two letters of each name must be different.

"The new system will be fairer to each community than the old," Kline commented. "For instance, Spring City gets no recognition now although it's about as big as Royersford. All telephones there take a Royersford number."

All communities in the Pottstown area except Royersford and Pottstown itself already have dial telephones, he said.

* * *

"THE SMALL TOWNS got them first because their former equipment was older," Kline explained. "They went direct from the old handcranked or magneto 'phones to the dial type."

So far, he said, 4100 of Pottstown's 13,600 telephones have been converted for dial use. Temporary employes are working on the project during the Summer.

To customers who object to dial telephones because they feel that operator should get them their number, Kline replies that dialing will be faster.

"You'll get faster service on long distance and other toll calls, and late at night when we can't afford to have so many operators on duty," he said.

Operators will be available to aid customers who have difficulty dialing, Kline said.

Blond and Husband Arrested by FBI For Attempted $100,000 Extortion

LOS ANGELES, Aug. 3 (AP)—A 24-year-old blond and her husband, 22, were arrested by the FBI today on charges of trying to extort $100,000 from a millionaire contractor.

Mrs. Veronica Elsie Williams was apprehended, the FBI said, immediately after she accepted at a branch postoffice a dummy package supposedly containing the money. Edgar Leon Williams, an unemployed musician, was picked up shortly afterwards at the couple's apartment.

They are accused of writing a letter to John Thompson, threatening his family and the children of his recently slain daughter, Mrs. Norma McCauley, unless he mailed $100,000 to them.

The couple was arraigned today before U. S. Commissioner Theodore Hocks, who set bail at $20,000 each and Aug. 25 for a preliminary hearing. They deny the charges.

THE FBI said the note read:

"Mail $100,000 in cash in a plain wrapped package to Dale Smith, Incorported, at 3909 Denker street, Los Angles, 62."

The FBI said a "dummy" package was dispatched to the apartment this morning. A woman at the address said no Dale Smith lived there. The package was returned to a postoffice branch nearby

Soon a woman appeared there and claimed the package, identifying herself as Dale Smith. She was promptly arrested by FBI agents, who identified her as Mrs. Williams.

METEORS —

(Continued From Page One)

Harold B. Keim, 32 Beech street, an amateur astronomer, says that "nature is something man does not control by a calendar or a clock."

* * *

KEIM EXPLAINED that it is often difficult to predict the exact date of such astrological occurrences because scientists do not always know the exact shifts in position of meteors which take place during the year.

Keim explained that at this time of the year the earth, in traveling in its orbit around the sun, passes through the tail of an old comet.

As a result, small particles of the comets tail enter the atmosphere of the earth and the friction caused by their speed, as they pass through the oxygen in the earth's atmosphere, causes them to burn.

Some of these meteors burn completely and disintregate; others are large enough to reach the earth before they are wholly burned, and fall to the ground. Those that fall to the ground are known as meteorites.

Thus, tonight and the next few nights to come will be brilliant ones, providing the sky is not cloudy. It will be one of those rare times when those without a lot of expensive observation equipment can enjoy a wonderful display of meteors.
